Covering the events that shaped the world in 1992-93 from A to Z.

A

B

C

Andrew. As a prince, he discovered his topless bride, Fergie, toes in the mouth of her financial advisor. **2.** As a hurricane, it turned Florida into an insurance man's nightmare and a carpenters dream.

Bosnia. Fighting between Bosnian Serb forces and Muslim's made for a power struggle that got the U.N. involved. **Murphy Brown.** Not only on top of the TV ratings, but the tough TV character had Dan Quayle spouting off about family values and unwed mothers.

Clinton. This Arkansas governor took over the top spot in the U.S. with a big win over George Bush. **Cheers.** The final toast to one of the best comedies on television. **Chicago Bulls.** A third NBA world championship for Michael Jordan and company.

Di and Charles. Suicide tries, taped love chats with exgirlfriends, Royal fighting. Not a good year to be at the palace. **Cowboys.** The Dallas boys trounced the Buffalo Bills in the Super Bowl.

Eric Clapton topped the Grammy winners with his "Unplugged" acoustic set and "Tears in Heaven" collection.

F Amy Fisher. The Long Island teen attracted a married lover which eventually led to three made for TV movies.

G Tony Gwynn. The best hitter in baseball and still number one in our book.

H Leona Helmsley. This real estate tycoon found the beds in prison as stiff as the sentence she received for tax evasion.

I Ice T. The LA based rapper came out with a controversial song, "Cop Killer". Eventually removed from his album, the song hit a nerve following the LA riots.

J Michael Jackson. A big hit at the Super Bowl halftime show, a revealing interview with Barbara Walters, and a rare skin disease. International Music Award big winner.

K Gregory Kingsley. The 12 year old Floridian went to court and divorced his parents and moved in for good with his foster family.

L Jay Leno. Slipping into the big shoes left by Johnny Carson, the talk show host found the air waves rocky with competition like Arsenio and Letterman.

M Measure 5. The Oregon tax reduction bill cut into state government agencies and school budgets leaving some huge holes and a lot of people looking for work. **2. Prime Minister Kiichi Miyazawa.** You remember, the host of the big Japanese bash where President Bush tossed his sushi.

N Manuel Noriega. Before getting a 40 year drug trafficking term, the Panamanian strongman hashed out at President Bush, President Reagan, and the CIA.

Olympics. Barcelona magic, Carl Lewis, Gwen Torrence, pure speed. Dan and Dave. The Dream Team, staffed by NBA all-stars, was without a doubt the best basketball team ever assembled.

Packwood. Sexual harassment charges by a number of female associates puts the politician in the spotlight for months.

Quayle. After an attempt at the spelling bee championship, he found the right way to spell potatoe.

Riddick Bowe knocks down Evander Holyfield in the 11th round and goes on to a unanimous decision and the undisputed heavyweight champion. Says comedian George Carlin, "if it's undisputed, what's all the fighting about?"

Ross Perot. The billionaire presidential candidate brought his charts, graphs, and straight talk to the tube in an attempt to get America out of debt and back on it's feet. He lost the election but had a lot of people listening and sporting a flat top haircut.

Somalia. U.S. gunships shelled different sites after Pakistani troops fire into a crowd of Somalis demonstrating U.N. attacks. The tension was heating up as the U.S. became involved with the fighting.

TMike Tyson. From championship to cellblock. Just when he thought that things couldn't get any worse, Sinéad O'Connor came to his defense.

2. Toronto Bluejays. For the first time the major league baseball championship was won by a Canadian team as they ripped America's team, the Atlanta Braves.

Unforgiven. Directed by Clint Eastwood, he finally won an Academy Award for a movie. Chosen as the best film of the year.

VJoseph Vera. The ultimate man-bites-dog story. The California resident made headlines by grilling and eating his neighbor's dog, Astro. An impulsive act? Not! "I saw the different types of meals I could make out of him," he explained. The penalty for his strange behavior, three years in prison.

W Waco. For weeks the little Texas town was the focus of the nation as FBI agents stormed the religious compound of David Karesh. After suffering casualties on both sides during a big shootout, the standoff between the cult and the feds ended in a blaze as the FBI tried to break down the front door.

X Malcolm X. Hats, shirts, pants, glasses, posters, calendars - the story of this 60's activist hit the big screen and the merchandise flooded the country.

Y Soon-Yi. The 21 year old adopted daughter of Mia Farrow wound up dating mom's boyfriend -Woody Allen.

Z Zephyrus. The twenty three dedicated, highly motivated students of the AHS yearbook staff once again put out a highly rated, first class publication. Their efforts were not only highly rewarded among their peers, but the country turned their attention to the elite group and recognized their work on a holiday in August.

This year's edition of the Zephyrus was designed and produced by Marlee Brownlie, Stacey Burgher, Amy Campos, Jolene Culver, Ryan Davis, Tim Duey, Phil Elkins, Frank Gassmann-Jurgen, Denys Goozee, Jeri Greenberg, Janaya Heater, Ryan Helligso, Amy Helmersen, Sara Landwehr, Sara Lemmo, Josh Long, Amy Morisse, Alan Neal, Bryce Rodgers, Melissa Shepherd, Chloe Swain, Llama Taylor, Angela Umphres, Magnolia Waddell, Stacey Williams, Andrea Yeager.

One to Grow On.

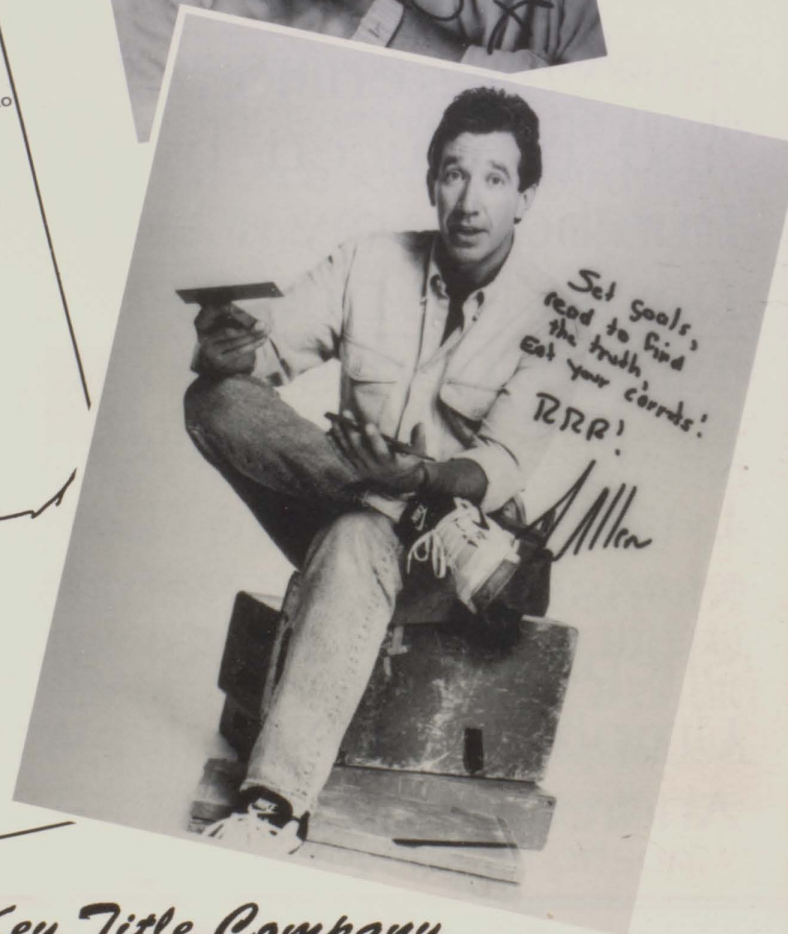

Not all the stars of television, sports and politics are stuck up and stuffy.

When we asked fifty of the people in the headlines to give the students of AHS a special word of encouragement, many of them were more than happy to send them our way.

Some of the star's messages were short and sweet, others found time to give some lengthy advice that helped them reach success.

A few of them on busy schedules, just sent pictures.

We hope that you enjoy their efforts and maybe find some advice to grow on.

Dear Zephyrus

Thank you for your recent letter. I am pleased to offer a comment for your 1993 yearbook.

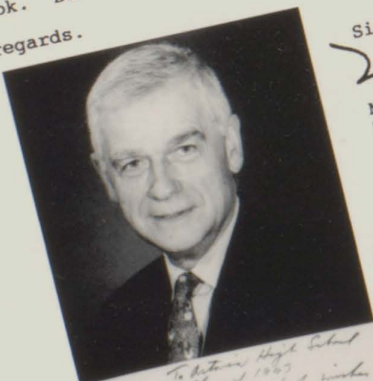

I would like to share with you a few words which have continued to inspire me through the years. Albert Schweitzer, one of my role models, once wrote:

"I do not know what your destiny will be, but one thing I know: the only ones among you who will be really happy are those who will have sought and found how to serve."

You are educated, talented young people who have much to contribute to our world. Let your optimism guide you. Your accomplishments will benefit us all.

Thank you again for allowing me to say a few words in your yearbook. Best of luck to the Class of 1993!

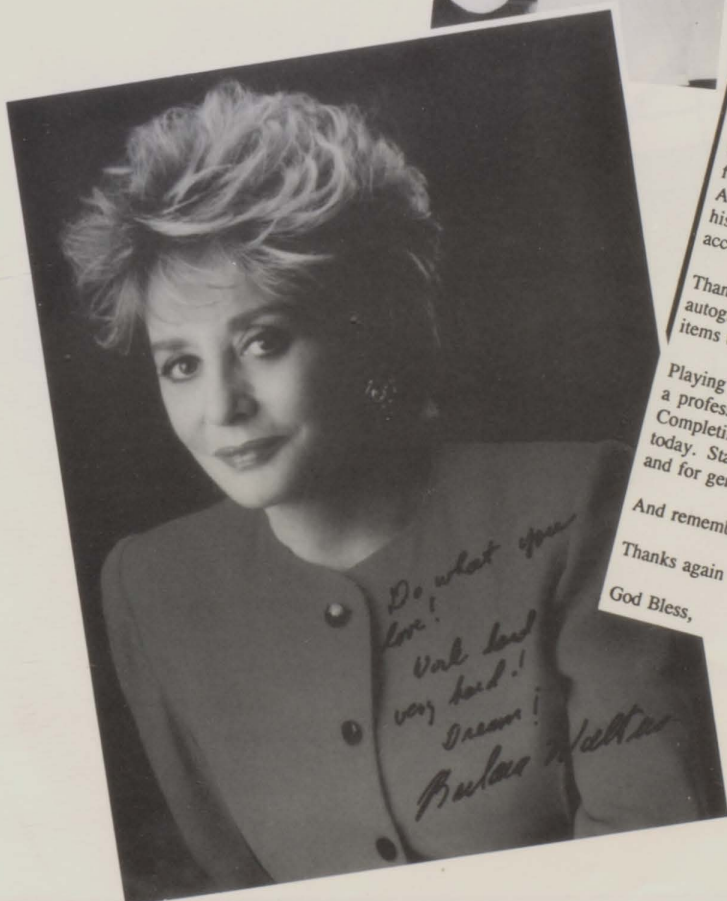

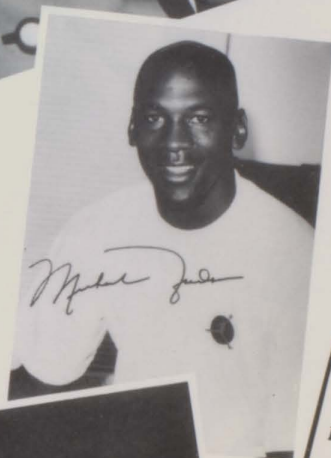

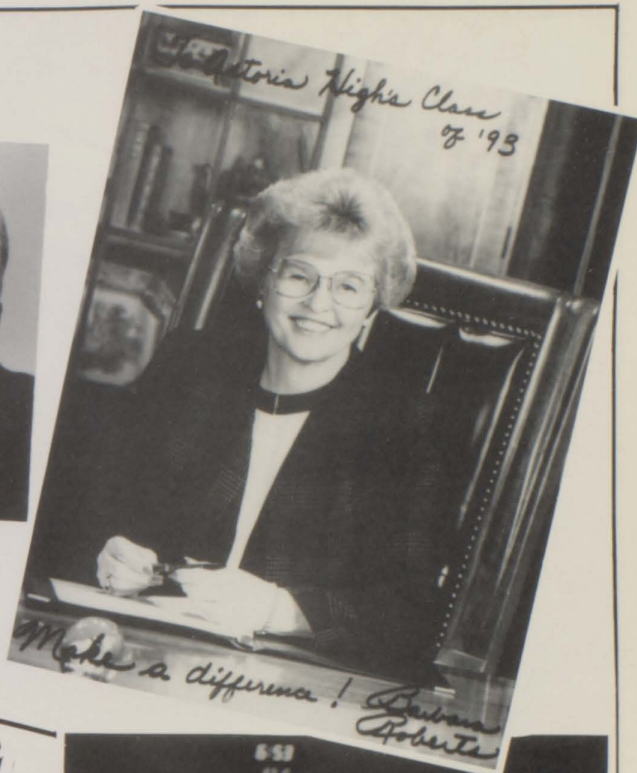

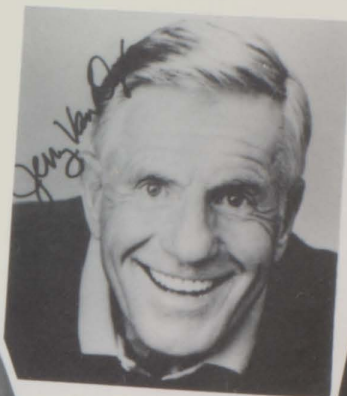

Kind regards.

Sincerely,

Thanks also for inviting me to be a part of your yearbook. I am enclosing with this letter an autographed picture to add to your collection. Due to the high demand, I do not sign personal items through the mail. Also, keep watching for information coming soon about my fan club.

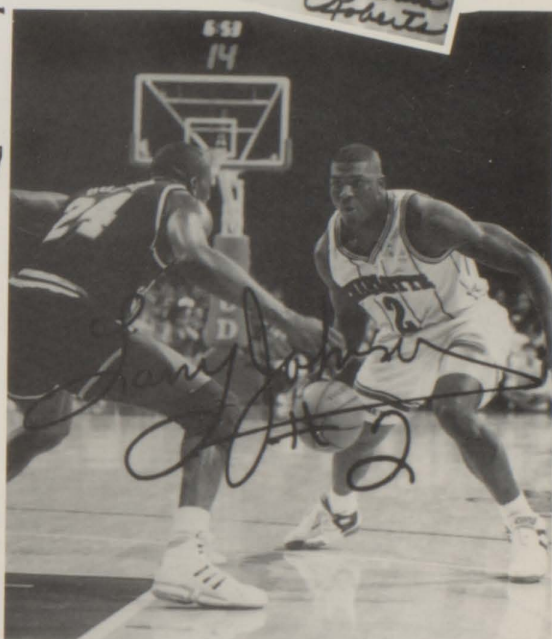

Playing basketball is a lot of hard work, but I love the sport and am glad you do too. Becoming a professional basketball player is a dream come true, but it was not my only goal in life. Completing school is more important to me. Without an education I would not be where I am today. Staying in school and doing your best is the most important thing you can do for yourself and for generations to come.

Racing around the end, sophomore Heather Hunsaker dodges freshman Rachel Morris to help her team go on to an overwhelming 12-0 win in the powder puff game.

The sophomore bench goes wild as they score another touchdown on the bewildered freshmen pansies. It was a night of downpours and mud which made for ideal sloppy football.

Tipping the ball over the net, junior Andy Rasmussen gets the ball past a sophomore opponent. The sophs went on to win the well played close match.

On her way to the goal line, sophomore Heather Hunsaker flies past freshman Sabrina Pohl who lost her footing and slid past the quick running back.

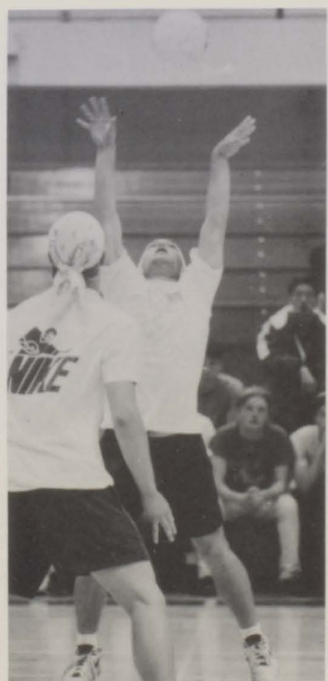

Setting the ball, senior Leonard Haglund helps his team in their meatball volleyball win over the freshmen.

Sprinting towards paydirt, freshman Kathleen Norgaard gets the freshmen some big yards in their game against the frosh.

Bumping the ball to the frontline, junior Constantine Philipakis gives it just the right body english to get the job done.

As sophomore Troy O'Bryan gets ready to play off of teammate Robert Brott's set, the audience is filled with anticipation as the sophomores try to fight off the defeat.

Powder Puff Volleyball

WHAT WAS THE HIGH- LIGHT OF THE WEEK?

"The dance was fun."

-Ben Corderman

"PowderPuff was killer and the Olympics were fun."

-Erica Hunter

"The chance to be an animal and slide around in the mud during Powder Puff."

-Llama Taylor

"I liked the Olympics because we won."

-Grant Youngren

"I thought the week was boring, but the dance was fun."

-Glen Shinn

In a race to see which class can dress up one of its members to look the silliest, junior Grant Youngren gets some last second adjustments from classmate Katrinka Jackson.

After receiving the trophy for the overall homecoming championship from student council advisor, Mrs. Schileski, sophomore class president Amy Goin is greeted by an enthusiastic class.

During the steamroller competition, junior Sarah Nerenberg manages to keep a smile on her face despite being crushed by her classmates.

Led by the world class muscles of Mark Koekemoer, the junior class had very little problem pulling their way to a win in the Olympic tug-of-war.

Acting their age, freshmen Ben Corderman shoves a pacifier into the mouth of a cranky Dusty Smith.

Along with the rest of the dance team, sophomore Greta Josephson pumps up the crowd during the pep assembly.

Showing what four years of quality education has done for their spelling, the seniors let it be known which class is best.

OLYMPICS PEP ASSEMBLY

As the DJ announced the court, senior prince and princess Chloe Swain and James Crane appreciate the round of applause that came their way.

Congratulating queen Sara Landwehr, Miranda Hiatt and Kammy Hunter find plenty of reasons to smile and show their excitement.

Helping the DJ by picking out new tapes to play, senior Josh Long consults junior Craig Houston before making a decision. Public opinion said that the music was liked.

Caught in a private moment, junior Stacey Burgher gets a kiss from her boyfriend, junior Ben Goza. Couples took advantage of the dance floor, getting up close and personal.

The royal subjects turned their eyes to the dance floor as Queen Sara Landwehr and King Kirk Atkinson had their dance.

As the music slows down, couples gather on the dance floor to make the most of the night's last song, and some special memories of Homecoming 1992.

Homecoming

The best of a wild and crazy week.

"It was a pretty cool week. It got me out of class to have some fun. - Brian Rusk

"It was the funnest week of my life and I think that the seniors kicked some butt. We should have had the trophy." - Denys Gozee

"It was groovy." - Jessica Esprecion

"After powderpuff and meatball volleyball, I knew we had the trophy." - David Fagan

A DAY IN THE LIFE

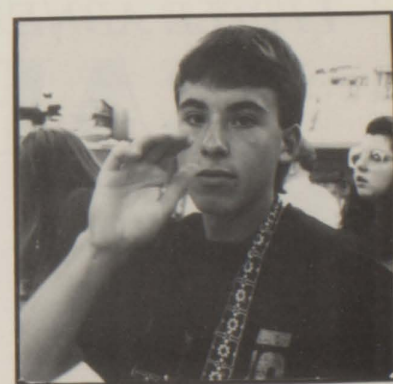

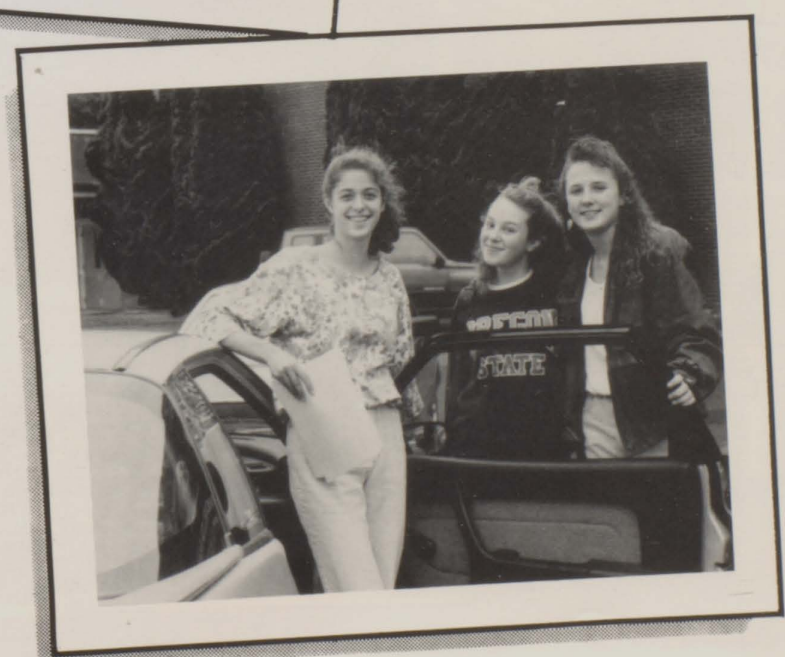

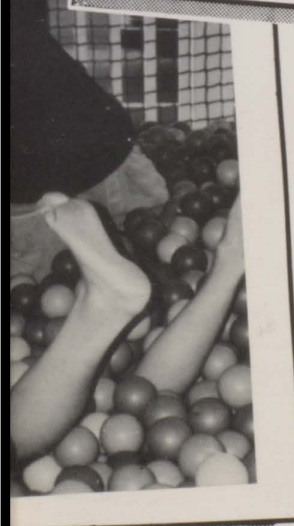

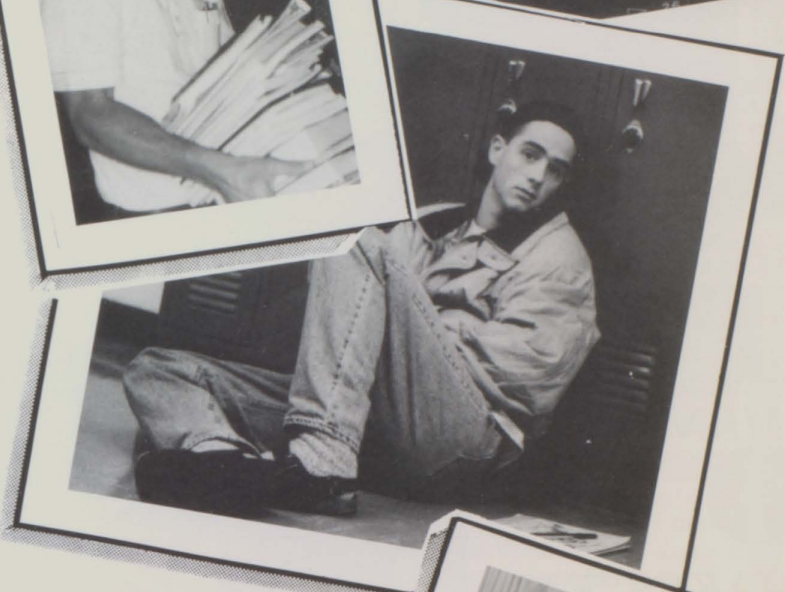

Fri., October 4, 1993. For most students it was just another day. For the 22 members of the Zephyrus staff on assignment to take pictures of everything they did from the time that they got out of bed until they finally crashed, it was an exercise in photo journalism.

The variety of photos that came back to our staff room showed just how diverse the life and activities were that went on in a typical day of a teenager.

Since there was no way that we could give you all 756 pictures, we selected the ones that would best give you a glimpse of a day in the life of teenager. It was a fun assignment that we hope you enjoy.

After being announced man and wife by Marryin' Sam, senior Cory Stevens and junior Amy Morisse seal their vows with a kiss.

The evening was all smiles as you can easily see from the expressions on the faces of Brandi McGinnis, Gabe Baker, Mary Roberts, and Kelly Hogan.

Getting into dancing as a contact sport, seniors Alan Neal and Amy Hanson find the dance floor to be a perfect place for slam'n.

Catching her totally by surprise, senior Bob Reiter gives his date, Heidi Warr, a wet one on the cheek.

Showing their true colors, seniors Jeremy Matlock, James Crane, Josh Long, Jonah Sperando, and Phil Elkins pose for a picture.

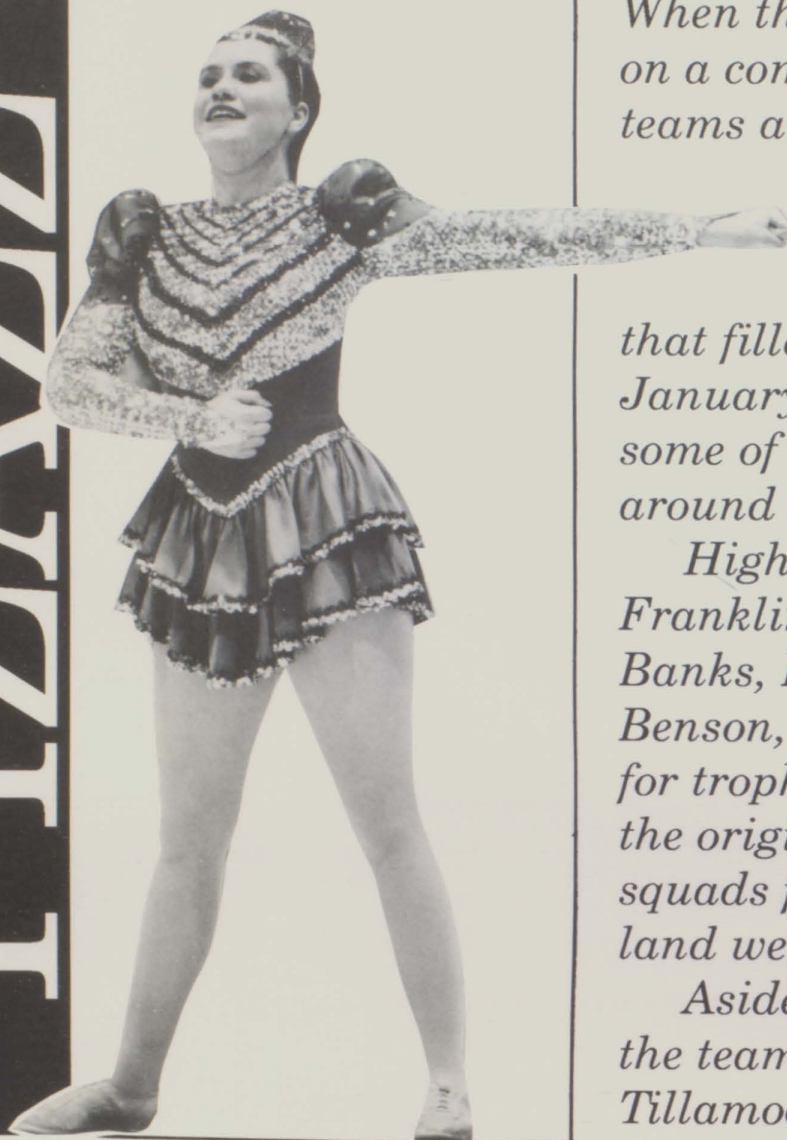

Despite all of the dust from the floor of the barn, seniors Kirk Atkinson and Michelle Wirkkala manage to keep smiling as they dance.

As the last dance was announced, the dance floor became crowded. No one wanted the night to end.

PIZZA

When the dance team decided to put on a competition of their own, 14 teams and a whole lot of people showed up to make this into one big party. The excitement and talent that filled the gym that Saturday, January 30th, was a showcase of some of the best dance teams from around the state.

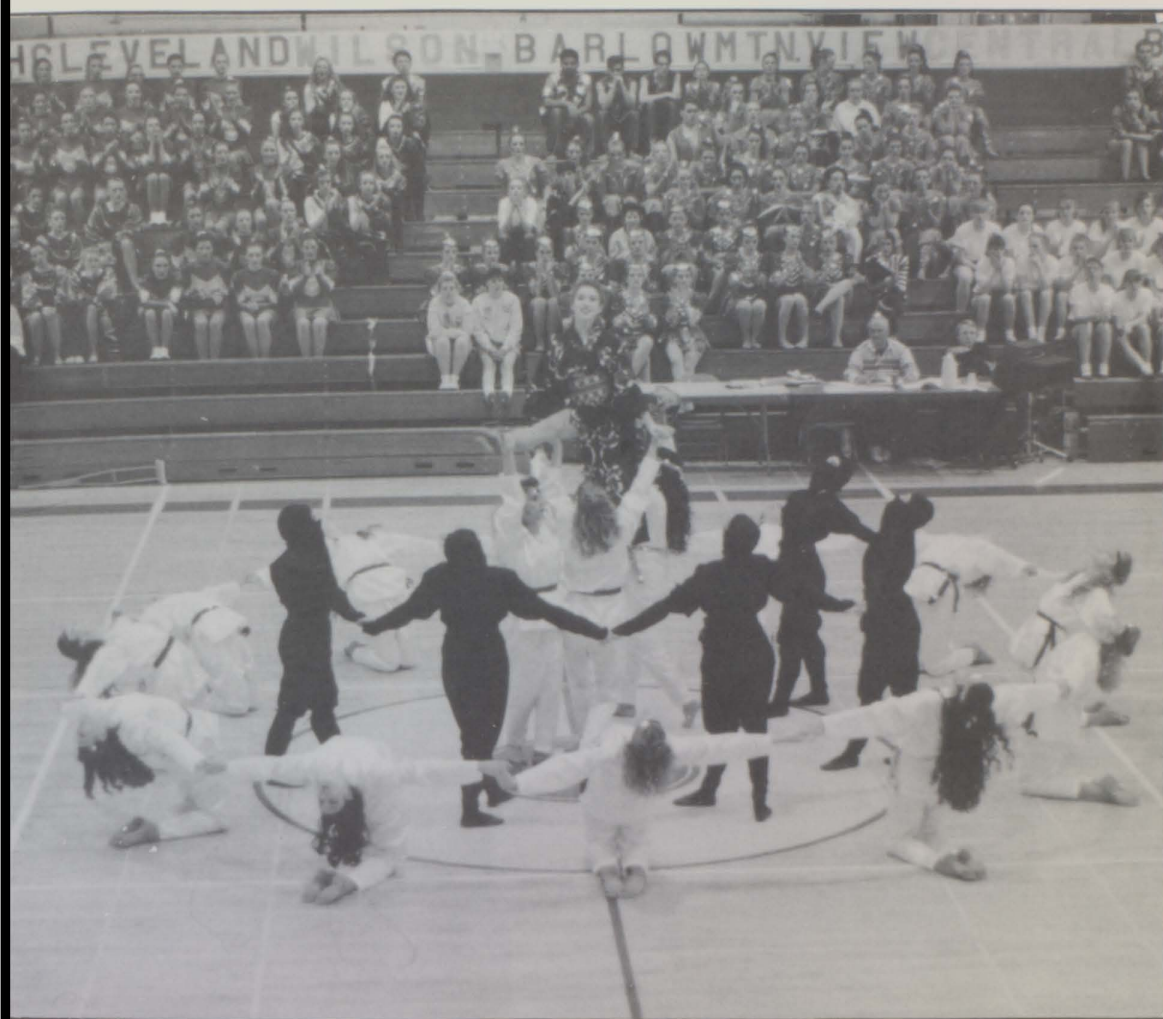

High school teams from Wilson, Franklin, Philomath, Hillsboro, Banks, Barlow, Central, Cleveland, Benson, Mountain View, competed for trophies. When it was all over, the original and well synchronized squads from Philomath and Cleveland were declared the winners.

Aside from the trophy rounds, the teams from Warrenton, Knappa, Tillamook, as well as Astoria, gave exhibition dances just for fun.

Pictured at right are some of the teams that competed or demonstrated their dances. Clockwise are individual performers from Knappa, Warrenton, Knappa juniors, and Barlow.

CENTRAL STAGE

With the teams from the other schools looking on, Central high school finishes up with their Ninja routine.

PATIENTLY WAITING

Waiting for their turn to perform, junior Kerry Stevenson nervously waits as another team is on the floor.

JUST FOR FUN

With a big smile, Jody Galleno jams for the exhibition performance. In the role as hosts, the Astoria team did not compete.

KICK HIGH

Tricia Atkinson, Lori Davis, Beatrice Woods, Sara Lemmo, and Amy Campos keep together for a high kick.

The Crucible

The AHS auditorium was the sight of four outstanding performances of "The Crucible." From May 13-16, fourteen high school students and five community actors took their turn in the spotlight in a play that took on prejudice and discrimination.

"The Crucible", written by the famous playwright Arthur Miller, is set in Salem Massachusetts during the year 1692. The curtain opens on Betty Parris, played by Brandy Weeks, lying in a bed in Reverend Samuel Parris' house. She is believed to have been the victim of witchcraft. One by one other characters come to her bedside to speculate what it is that ails her.

The center theme of the play is witch-

craft, and in fact, everyone gets so caught up in it that their lives become a witchhunt. Elizabeth Proctor, played by Chloe Swain, is among the accused.

No proof is found to convict Elizabeth, but during the trial in the meeting house, five young ladies appear to become possessed by witches. Some say it is simply a hoax, but the girls insist that there are witches present and living amongst them. In the course of the trial, John Proctor, played by Tom Dent, confesses to lechery and Elizabeth is called in to testify for her husband and denies that her husband ever cheated on her. For this, John is sentenced to hang but if he should decide to sign a

document, he will live. This all adds up to a big trial scene that leaves the audience questioning their values and possibly the values of modern day society.

The play was a chance for many students to showcase their acting talents and put together a production that was entertaining and well received by the community. A great amount of rehearsal time on the part of all the individuals made the play into a first class show. Bravo!

HOW DARE YOU?

With contempt in her eyes, Laura Dessen forces Sara Nokes to plead for forgiveness after accusing her of seeing John Proctor.

BEWITCHED

As the townspeople stand bewildered at her bedside, Brandy Weeks drifts in and out sleep during the first scene.

PASSING THE WORD

Informing Jay King of the accusations made about witchcraft, Nate Bucholz has uneasiness written all over his face.

DECISIONS

In relation to Tom Dent's choice to hang or sign a document confessing he sold his soul to the devil, Chloe Swain says that he must decide.

Hawaiian Dance

It may not have been as well attended as hoped, but it still has to be one of the funnest dances for everyone that showed up. Dressed in flower prints and rocking to the sweet music of DJ Paul, this was by far an event worth attending.

A HAWAIIAN ROMANCE

Taking a breather from the dance floor, Juniors Andy Rasmussen and Stacey Williams smile as they await the next slow song.

NOT FOR ME!

Trying out his hula-hooping skills, Senior Jeremy Matlock decides against entering the hula-hoop contest.

TUFF CREW

Bearing their teeth, members of the "tuff crew" Cory Stevens, Tony Erickson, Jason Johnson, and Justin Bechtolt, flex for the camera attempting to show their "tuff"ness.

RUMP SHAKER

winging his hips at the Hawaiian dance, Senior Kirk Atkinson dances the night away.

SKI CLUB

WINTER BROUGHT A RECORD SNOW FALL TO THE STATE. DESPITE THE HARDSHIPS OF HAVING TO GET UP BEFORE SUNRISE AND LOAD UP FOR THE THREE AND A HALF HOUR BUS RIDE, THE DEDICATED AND EXCITED SKIERS MADE THE TREK FOR THE CHANCE TO FLY DOWN THE MOUNTAIN.

ON THE ROAD

Despite having to be on the bus at 5:30 a.m., juniors Maggie Staley and Misty Ingram manage to stay cheery.

READY FOR LIFTOFF

Sliding their way towards the chairlift, the Astoria snowbunnies catch the eye of a sharp photographer.

ZIPPING BY

With a look of confidence, as she slowly descends down the mountain, junior Llama Taylor glances over her shoulder.

HERO

Clinging to the arm of Todd Jenkins, Katie Larson was impressed with the speed and grace of her hero.

LOOKING GOOD

Ready to head in for lunch, the snowbunnies stop for a quick photo and to check out the other skiers.

RAFFLE FOR TICKETS

Waiting for the results of the raffle for lift tickets, suspected cheaters Tom Dent and Tim Duey look a little guilty.

HOT TRACKS

Taking advantage of the record snowfall on the mountain, a lone skier cuts up the moguls.

BLOOD DRIVE: EVERY DROP COUNTS

On April 1, AHS helped the American Red Cross put on the annual blood drive. Held in the library, many students donated for the first time, while those that didn't donate, helped with the various jobs needed to make the experience a positive and tolerable one. Sponsored and assisted by members of the student council, the event was without a doubt one of the most rewarding activities for the year.

STUDENT COUNCIL

EXECUTIVE STUDENT COUNCIL: Parliamentarian - Justin Bechtolt, Secretary - Denys Goozee, President Willy Raw, Vice President - Donny Bui, Treasurer - Jeremy Snow (Not pictured Business Manager - Bill Miner).

In a time of waning school and class spirit this years Student Council still managed to get the entire school involved in the usual school events, and included the student body in several fund raisers for Dornbeckers Childrens Hospital, raising \$2,000. Student Council also put on the first annual Quiz Bowl (Mr. Week's original idea), and a bonfire during Homecoming week.

"With Dornbeckers, we had a worthy cause to work for," said school President, Willy Raw, "I personally tried to have fun, and make Student Council a co-curricular activity, not a job."

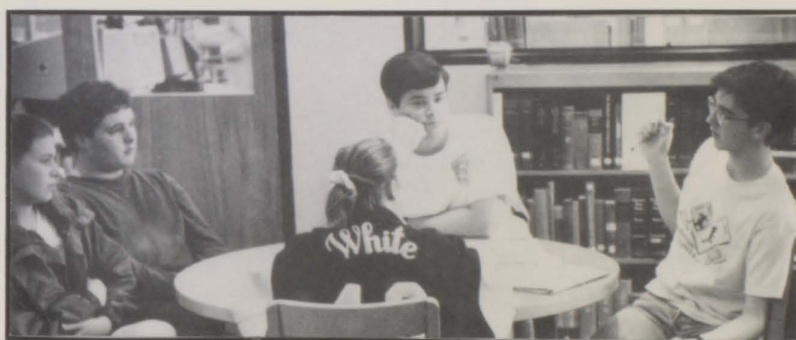

Student Council also continued their commitment of communicating with the rest of the student body through the room representatives. The room reps helped provide information on the constant barrage of events, which helped get people interested and involved in all the schools' activities.

GOOD IDEA

Bill Miner present another great idea to help raise money for the school, the end of the year dance, during a Student Council meeting.

FIRST MEETING

At the first official Student Council meeting the Senior class secretary, Mario Alfonse, carefully notes the proceedings.

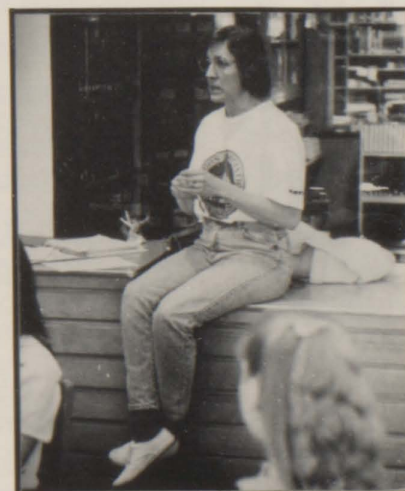

SENIOR LUNCHEON

WASHINGTON D.C.

HARD ROCK

The Hard Rock Cafe is just one of the many attractions that the students saw while touring Washington D.C., and one of the favorites.

AGENDA

DAY ONE: WASHINGTON D.C.

EVENTS: Tour of Capitol Hill, tour of Arlington National Cemetery, night tour of monuments and memorials.

DAY TWO: GETTYSBURG

EVENTS: Battlefield tour, motorcoach tour of Amish Country, Baltimore Orioles vs. Boston Red Sox at Camden Park.

DAY THREE: WASHINGTON D.C.

EVENTS: Tour of Holocaust Museum, Vietnam Memorial, Smithsonian Museum tour, West End Dinner Theater.

DAY FOUR: VIRGINIA

EVENTS: Tour of Mt. Vernon, tour of Old Town Alexandria, Monticello tour.

DAY FIVE: WILLIAMSBURG

EVENTS: Tour of Colonial Williamsburg, tour of Jamestown Settlement Park, Busch Gardens.

DAY SIX: YORKTOWN

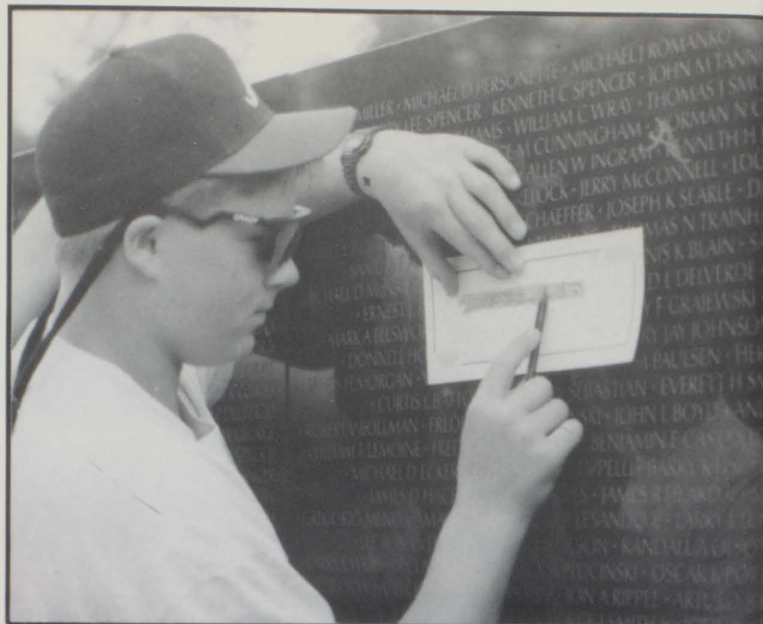

EVENTS: Tour of Yorktown Victory Center, depart for Portland.

CAPITOL HILL

To preserve our nation's early history, the Statue of Freedom was removed from the Capitol after two centuries.

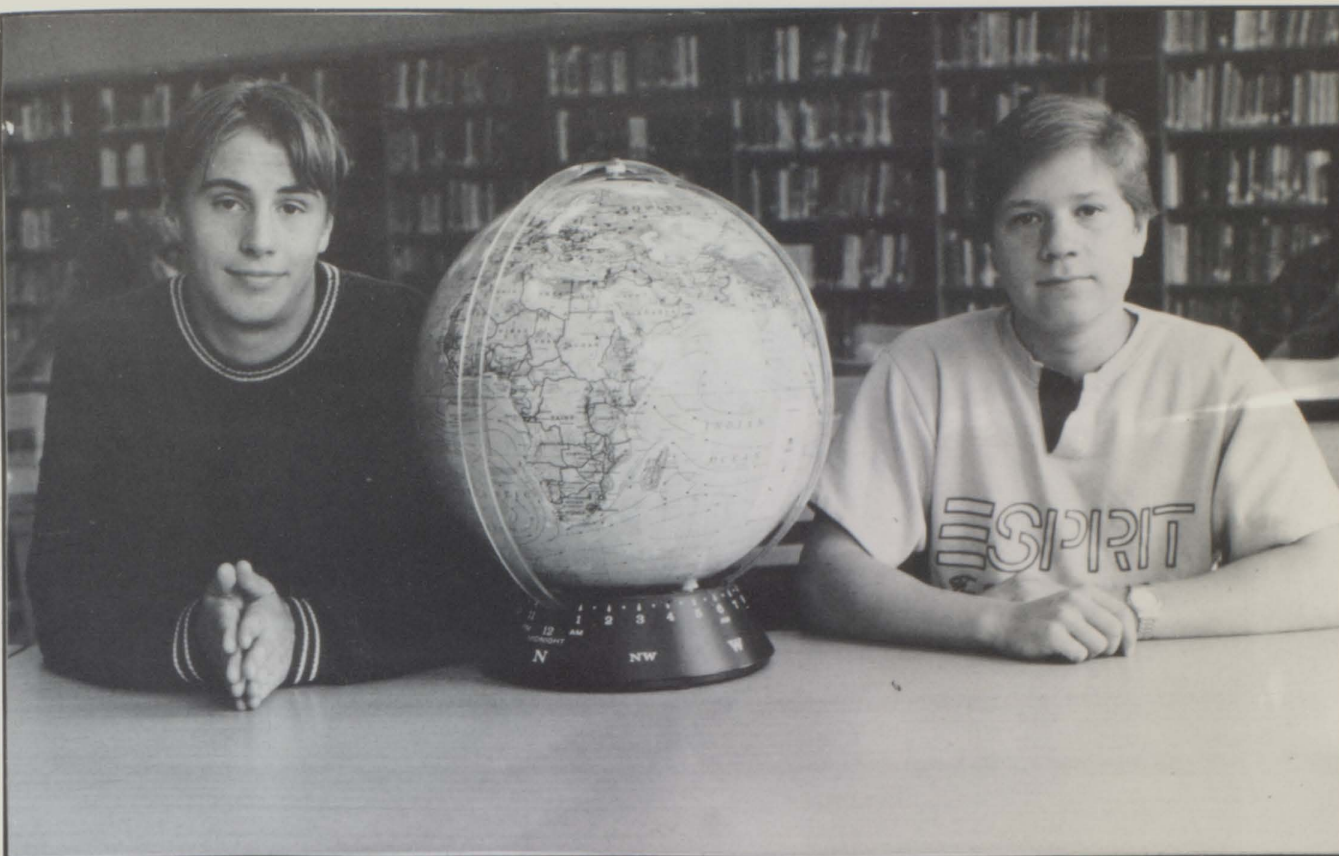

A PIECE OF HISTORY

As he takes a rubbing off of the Vietnam Memorial Wall, Justin Grafton makes a piece of history.

ALL TOGETHER

At Thomas Jefferson's home, Monticello, the teachers and students stopped for a group shot. Everyone on the Washington D.C. tour had a great time and was sad to see it end.

NORWAY

The first student hosted in Astoria was seventeen-year-old Nils Bolstad of Norway. His host parents were Sara and Craig Wisti.

Nils was the leading scorer on the varsity soccer team and voted most valuable player by his teammates.

During the winter, he tried his hand at the swim team. Nils also played varsity baseball, mostly in the outfield. He was responsible for more than one great catch during the season.

For the most part, Nils enjoyed his stay in Astoria. He made many friends and was able to do a lot of traveling throughout his year here.

FINLAND

The second student hosted in Astoria was seventeen-year-old Samuli Pukander, known best as Sam, from Finland. He was hosted by Jim and Karen Van Cleave for all of his stay here.

Sam enjoyed playing on the varsity soccer team and was one of the leading scorers until a chest injury sidelined him. Next to his incredible talent at playing the game, he will be remembered most for the game when he told the referee exactly where to go after a bad call!

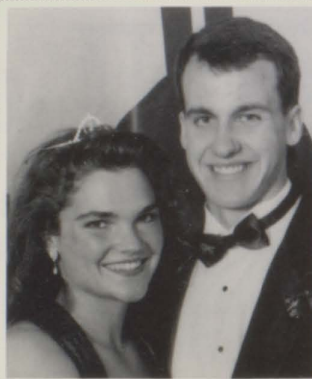

He will remember Astoria best for the friends he made and the things that they did together.

This years Jr./Sr Prom was an "Arabian Night" to remember. The Elks Ball Room was enriched with many exotic Arabian decorations for the April 24th occasion.

For most well dressed party goers the evening started out with an intimate night at one of the many fine dining establishments located in our area.

As 8:00 rolled around, many couples were all ready lined up at the door. As they walked in, Bill

Queen Wendy Brown

Lind, from Still Images was ready to snap a shot of each pair. Before entering the dance floor, each person was given the opportunity to vote for the senior queen.

Finally the clock struck 10:00 and it was time for the coronation. Each princess was introduced with her escort by Jody Galino and Mr. Foster. The last princess was introduced and the intensity level rose. The envelope was passed to Mr. Foster and Wendy was crowned Queen.

SHE'S WITH ME

Junior sweethearts, Mike Kyle and Lareina Shaffer smile big while they enjoy their first prom together and hopefully not their last.

SITTING PRETTY

Chatting with friends, juniors Maggie Staley and Cecilia Stowell sit out one dance, give their feet a rest, and observe the crowd.

AND THE QUEEN IS...

Receiving the bouquet of flowers from junior Peter Shauerman, a surprised senior, Wendy Brown is crowned queen.

ON THE JOB TRAINING

Varsity Football

When the first whistle sounded in August, the fisherman football team had to try to overcome adversity. With a couple of players lost to injury, some to grades, and a couple who relocated over the summer, the Fisherman were in for a challenge. With only eight seniors, the twenty juniors, and twenty sophomores had to grow up in a hurry.

Justin Bechtolt

Experience is the key at the varsity level. Especially on the football field. Late in the game during "crunch time" an inexperienced team will take their lumps, and that's exactly what happened to the young

Fisherman.

As the season went on, there was obvious improvement. The Fisherman picked up there only win mid-way through the season in an exciting one point game in Clatskanie. By the looks of that game, they looked like a championship squad. But by this time it was a little to late in the season because they had to play the better teams in the league

near the end.

The record didn't show it, but there was a great deal of improvement, both as a team and individually, and that improvement is what should be considered the most important.

Coming Out ON TOP

Qualified for the State playoffs

Varsity Soccer

I had been anticipating it for months. It seemed like an eternity, but finally it was here-- soccer season had begun.

I went to that first pre-season game feeling very anxious. I knew that the soccer team was good, but it had been nearly a year since most of them had played competitively, and almost anything could happen.

Though they had a good first showing, Astoria lost 0-1. In fact, they lost three of their four pre-season games. But it was not even close to an indication of the season to come.

Everyone watched as the Fishermen won their first game, and their second, and their third. In fact, they only lost one pre-season game, and that was to

Catlin Gabel, the defending state champions.

The highlight of the season came when Astoria defeated Portland Christian 5-4, and advanced to the state playoffs.

The Fishermen went into the play-offs as the second seed, due to a loss to Catlin Gabel. In game one, they solidly defeated Silverton 2-1.

The next game was against a tough Hood River Valley team. Astoria dominated in the first half, but fell apart in the second period and lost 0-4.

Though they didn't get past the quarter finals, this team came farther than ever before, and deserves a lot of praise.

Many thanks to Coach Bigby and the team for a memorable season. I couldn't be more proud.

Beginning in mid-August, these dedicated ladies start the everyday routine of practice, practice, practice. With high hopes of achieving as a team, the highest level of competition, they worked to be the best that they could.

With nine talented seniors, the beginning of the season looked very hopeful. The first half of the Cowapa league schedule went very well for the lady Fishermen. After six games, they had a 4-2 record. Full of optimism and excitement, things looked very good.

In the second half of the season things took a turn for the worse. Injuries to three key players, Stephanie Kustura, Lisa Davis, and Kristin Thoreson, forced the team to make some changes. Having to

make some alterations at mid-season, the teams' offense struggled for continuity.

Although the second half didn't offer any wins for the ladies, Coach Wilson was still happy with his teams performances. "Through all the changes and adjustments we made, the girls never gave up", said the veteran coach. "I think they had fun, and that's what is really important."

Anyone will agree that it's fun to win, but when things are going the wrong way, these ladies still worked hard to give it their best shot. Keeping with the determination that they had before the season even started, these ladies strived to be champions. That has to be the true spirit of competition at any level.

THE MAKING OF CHAMPIONS

Cross Country

In every league race that they ran in, the boys team left the opposition trailing behind. After all, what else would you expect from the state's best team?

After running an amazing undefeated season, the team went into the district meet with confidence. With senior Jeremy Matlock leading the way, the boys cruised to another first-place finish, and a top berth in the state championship.

Being ranked the number-one team in the state can be a high standard to uphold. But not for Astoria. The boys ran an uncontested first-place and regained the state title that they so narrowly lost the year before.

While the boys were running a near-perfect season, the girls were struggling to remain in contention for the state championship. With several of their key runners out due to injury, prospects weren't good.

But the girls fought to stay alive and went into the district meet with an even 3-3 record. If the team did well, they had a chance of going to state. Unfortunately, they came in third as a team, but

Erron Hanley placed high enough to go to the championship, and finished among the top 30 runners in the state.

It was a rough season for some, and one of continuous firsts for others, and won't be forgotten. It's nice to be known as champions.

THE BEST IN THE STATE!

This year's cross country teams got the season off with a great start. The boys ran an undefeated season and then it was on to districts.

It was a cold and wet day on the course, while most teams were handicapped by the gusty winds and driving rain storm, the Fishermen boys' team glided into the first place with ease.

Jeremy Matlock took first place with a time of 16:32, Jacob Long in second with 17:03, and Josh Long in fourth with 17:22.

Three individual lady Fishermen placed in the top ten at districts with Erron Hanley placing sev-

enth with 12:27, Michelle Wirkkala placing eighth in 12:41, and Ann-Marie Lane coming in tenth with 12:59. The girls' team earned themselves a third place in districts which were held at Camp Rilea.

It was on to state for the boys' team.

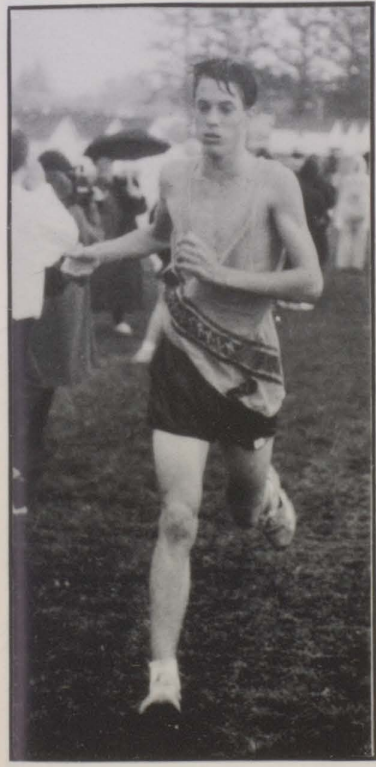

Once again, like all season long, the boys team rose to the challenge and ran away with a state championship at Lane Community College in Eugene. Matlock came in third with a time of 16:16, Jacob Long was fourth in 16:32, and Josh Long 11th in 16:44. All three were honored with all-state recognition. It was their second state

championship in the last three years.

The season ended with Coach Dominey saying, "This was just an enjoyable season because we had the biggest turn-out ever with the most enthusiasm.

The kids worked hard, deserved their honors, and I'm very proud of them." It was a perfect ending for a great season. Not only did they reach their team goals, they proved themselves to be the best in the state.

Varsity Rally

When even die-hard Fishermen fans retreated under shelter, the fall rally squad endured and supported the football team.

The squads, which were made up of Miranda Hiatt, Andrea Yeager, Brandi McGinnis, Maggie Staley, and Melissa Helligso, on Varsity, and Carie Olson, Stephanie Bowling, Misty McGinnis, ReAnna Watts, and Crystal Sullivan, on J.V., has set many goals for their season.

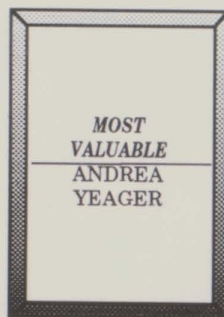

Gaining more respect was one of those goals. The squad's reached for tis goal by perfecting their cheering skills and also learning new ways to promote school spirit at a pep assembly work shop.

Another of the goals set

by the fall Rally squad's was the goal of competing. Although competition was put off during the Fall season, because of conflicting events such as the November 7 SAT and Sadie Hawkins. However, the members are still hopeful for competitions during the Winter season.

During the Astoria Regatta Festival the fall and winter rally squads worked together to perform in the Regatta Parade. This teamwork earned the squads first place in there competition catagory.

"I made some great friends, and memories that I will remember for the rest of my life," exclaimed senior Miranda Hiatt. Hiatt is not alone in feeling the AHS Spirit.

A FEW GOOD MEN

Qualified for the State Playoffs
Varsity Basketball

This years basketball season was one of great progress. Although the Fishermen were returning two players, juniors Tony Erickson and Adrian Birdeno, the team worked hard and matured through the season. By the end of February, they had gained the experience necessary to earn them a second place finish in the Cowapa league, a state tournament berth, and they had earned the number one seed in the Cowapa league by beating Seaside 86-65.

One of the most influential games of the season was the narrow defeat of the Tillamook Cheesemakers 60-59. The victory gave the team the confidence they needed to finish out the season on a positive note and to keep ahead of the tight

league race for the state tournament positions.

At the state tournament the squad beat Baker in the first round 52-42, then lost to Stayton 45-58 in the quarterfinals. Next up was Brookings Harbor in the semifinals who they defeated 82-47. After that impressive win, the team had their sights set on bringing home a fourth place trophy. In a valiant effort that was decided in the second half, the Fishermen were defeated 61-78.

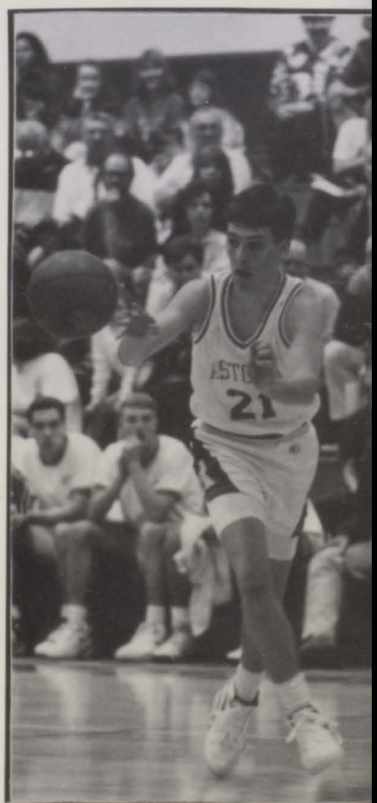

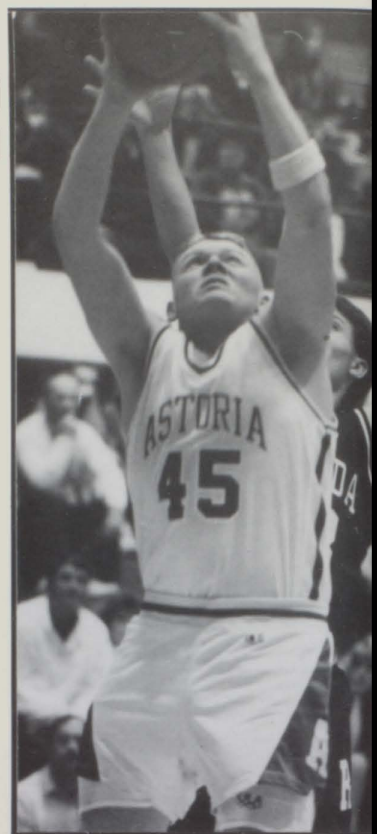

When asked about the overall success of this team, coach Goin had some very good reasons to be proud, "It was great, everyone thought we wouldn't make it to state, and when we did, it surprised a lot of people, and to play on Saturday was even a greater achievement."

Back to Back Championships

Varsity Girls Basketball

This years Lady Fishermen had high hopes, of being back to back Cowapa leauge champs and bringing home a trophy at the state tournament. Being ranked #8 reflected the states expectations as well as the teams.

Pre season was rewarding for the Ladies, losing only two games, Illwaco and Silverton.

The first half of the season was great, with the Ladies going undefeated. Using their quickness to put the pressure on the opposition, the pressing defense of the girls resulted in many easy baskets following the other teams turnovers. As a result, the ladies cruised easily past their challengers by outscoring them by more than 20 points per game.

As the second half came around

the Fishermen found themselves losing only one game, a close disappointing loss to Clatskanie, 43-46.

Looking ahead, Astoria knew if they won the seed game, they would be in a good spot. It was close from start to finish, but the Tigers pulled it off by a disappointing one point.

The Lady Fishermen drew a tough pick in the first round at State, Molalla. Their goal was to play on Saturday, and bring home a trophy. Although this didn't happen, the ladies played hard through every game and never gave up.

Losing only one league match, and being back to back champs, (which has never been done before), made for a very exciting Winter. Overall the season was a great success.

Tournament Recap

Astoria 39, Molalla 70

Keeping their tournament appearance in tact, the scrappy Lady Fishermen returned to the Salem Armory, March 9-13 seeded number two in the league, and ranked number five in the state.

The determined group was paired up with the Molalla Indians. Despite being out sized, the Fishermen never gave up. Slowly slipping behind in the second quarter, the Indians took control. Having to play an unfamiliar role of catch up basketball, the team found the come back trail tough to handle.

Despite the final score of 39-70, the game wasn't really out of hand until early in the fourth quarter.

Astoria 47, South Umpqua 42

Determined not to face elimination, the lady Fishermens effort was enough to send south umpqua home.

With a close fourth quarter the ladies took control and ran away with a 47-42 win. Amy Helmersen lead the team with 15 points and ten rebounds.

Astoria 44, Marist 58

The final score definetly was not a factor in the close match with Marist. The Lady Fishermen gave Marist a run for their money in the beginning of the fourth quarter, but were forced to foul in the closing minutes of the game. With the loss the team closed out a great season that will be remembered forever.

Swimming

That's right the swim team shaved Mr. D's head during a pep assembly when he lost a bet with the boy's swim team after they won the league Championships.

The entire swim season was a struggle. They had to go to Seaside to swim everyday. For every hour in the pool, they had to travel in school buses for one hour. Everyone had to contend not only with their opponents, but also with a plague of colds and flu.

The girls team this year won the Tillamook Cheese Relays for the first time ever. The girls also had some individuals who did exceptionally well this year, Christina Maki placed well

in the 100 Breaststroke, and Kendra Smith moved in the 50 freestyle.

The boys team had Josh Long qualify for the State Swim Meet for the third time in four years in the 100 Butterfly. Dan Chamberlain, at Districts, placed higher than he was seeded in the 100 Individual Medley, to help the boys team place third in that meet. Nathan Andres finished strong in the 100 breaststroke.

Simon Gretsch, out for swimming for the first time, did so well at Districts, his teammates voted him most improved.

Survival of the Fittest

Wrestling

It's better to be on the top than on the bottom. Two wrestlers take the mat. Each of them has made some tough sacrifices along the way to the face to face meeting. Hours upon hours of trying to perfect moves that will give them an advantage. Watching what they eat so that they will make weight. Planning strategies that will help them beat their opponent. Keeping in shape so that they will be strong enough no to run out of gas at the last second. In a matter of minutes it will be over.

On match day, the hours of practice, the sweat, and the pain are spotlighted on the almost empty Fishermen gym. This is not a wrestling town. "When we went to St. Helens and Tillamook, the place was packed," said a disappointed Robert Brott. Except for the parents and a few friends, the place was deserted. The noise from the high-powered lights was louder than the crowd. Yet, support for the team is nice, but it isn't everything to a wrestler.

The challenge of conquering an opponent, one-on-one, is what keeps the adrenaline flowing through these rugged athletes. Each match

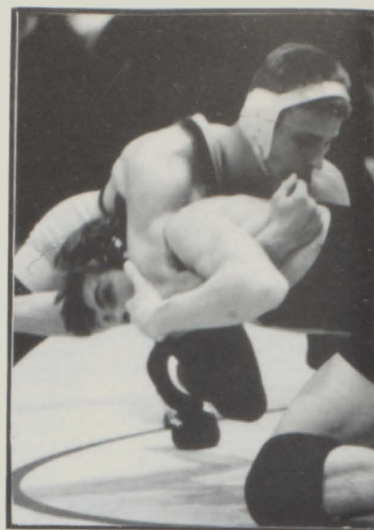

is a new opportunity for putting their strengths to the test. Its a basic as life itself. Survival of the fittest. Somebody is going to win--and somebody is going to lose.

Nine minutes of putting it on the line. And when it's all over, there's nothing like having the referee hold up your hand as the victor. Success never tasted so good. And if you lose, defeat could never be so hard. Like the sweat that drips fluidly from every inch of their bodies, emotions can't help but flow to the surface when they give it everything they've got.

The payoff for escaping the attack and turning it into an advantage keeps them coming back for more. It gives the wrestlers the chance to prove themselves, to reach goals. And it goes beyond that. Its a chance to reach down deep within themselves for a gut check to find out certain things that most people will never learn. Its an opportunity to believe in themselves and to really, really realize that it's better to be on the top than on the bottom.

STATE CHAMPS!

The 1992-1993 school year has been a very busy and rewarding year for the AHS dance team Pizazz. Immediately after tryouts in April, the new team's captains were chosen. The results were Katrinka Jackson, captain: Chloe Swain, co-captain: Beatrice Woods, line captain. Near the end of July, the team attended a Universal Dance Association summer camp. There, new routines were learned and the team won first place for their dance brought from home. This qualified them to compete in Florida in a televised competition on ESPN, but because of a lack of funding, the team couldn't attend.

Once the team returned, they, with the help of their coach Jeanne Fastabend, began many activities. The team was busy dancing in the Regatta parade, a pizza sale and performing at football games.

In December, basketball season began and with it came the Vince Dulcich Tournament where young girls joined the team with routines they had

learned at a clinic held by Pizazz. Many appearances followed on the home basketball court along with performances at a soccer game and a girls' basketball play-off game.

Dance Team competitions also began in December. First the team traveled to Santiam High School in Mill City where they placed third. On January 22, the team went to Memorial Coliseum to dance at half-time for a Trailblazer game for the second year in a row. Then, the team attended three more competitions before state, along with hosting their own for the first time ever. At these three competitions, the team won several awards to bring back to AHS.

Before they knew it, state competition had arrived! The team competed March 19 and reclaimed their State Champion title from 1991 along with the inspection award in the 3A category. Senior Chloe Swain received one of three dance scholarships offered and Sophomore Greta Josephson was third in drill.

Sitting on the sidelines after performing the starting line-up, freshman Jolene Smith, ices down her "war wound."

CHECK IT OUT

Glancing to see if she is on beat with the rest of the squad, sophomore Amy Ihander, performs the starting line-up.

RALLY

Winter Rally

The saying, "they are a young team," was true for the Winter rally squads this year. The varsity members, which didn't return anyone back, had a lot to learn from the very beginning.

Starting the season with five chosen girls, problems arose which led to the dismissal of two of their squad. By the end of the season, sophomores Courtney Fudge, Amy Ihander, and Andrea Demos led the cheers.

It was at times a rocky Winter. Despite pulling off some humorous and entertaining skits for the pep assemblies, the girls

had more than their share of problems getting the Fishermen fans involved with the spirit of things.

The JV team consisted of freshmen Heather Gilbert, Jolene Smith and Jennifer Osborn, along with sophomore Emily Grogan. They not only cheered at the all the JV games, they also were involved with part of the girls varsity basketball games.

Pulling it together, the varsity and JV squads came on strong to finish the season with a lot of enthusiasm and leadership. It was a season of building character.

A NOTHER POINT

Making sure he hits the plate, junior Jeremy Snow sprints in to score for the Fishermen.

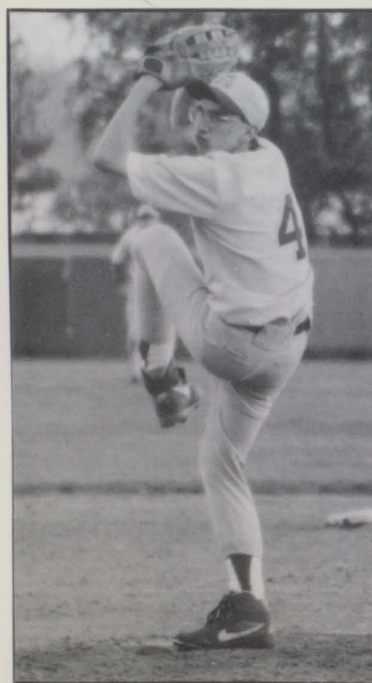

DOWN THE LINE

Head down and following through, sophomore Derick Thomas hits a line drive to left field for a double.

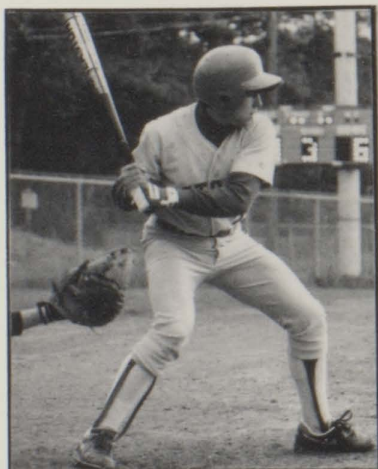

READY, AIM, FIRE!

With precise form, senior Nate Shaw prepares to fire another one home. Nate has been a great asset to this year's team.

HERE'S THE PITCH

Junior Todd Kinder winds up and delivers a fastball to a Cheesemaker batter. The team suffered a loss due to a late inning rally by Tillamook.

GRRRR!!

With a mean eye, junior Grant Youngren breaks down to drive the low and outside pitch into right field.

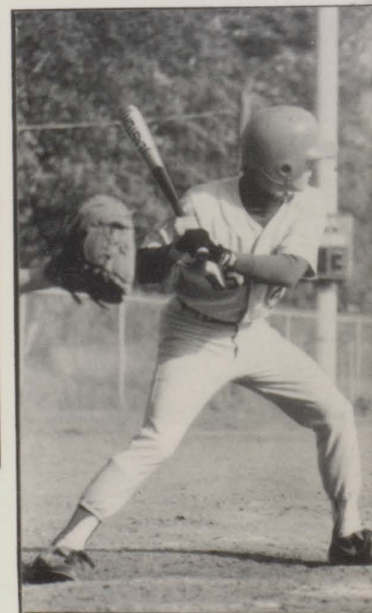

SQUEEZE PLAY

Attempting to execute a suicide squeeze, junior Nolan White bunts the ball, but is called out for stepping on the plate.

TIGHT SITUATION

Keeping his eye on the ball, senior Bryce Rodgers comes through once again, with a base hit during a close game.

"The highlight this season was when John Ford was 3 for 3 at the plate with a grand slam, and then pitched a no hitter."
-Bryce Rodgers

Baseball

There has to be some blue sky out there somewhere.

Going in, the season had glimmers of hope and promise for a chance to make it the state playoffs. Then the skies opened up and washed those dreams away. Sloshing through the wettest Spring since 1906, the baseball team knew first hand why teams go to Arizona and Florida for Spring training.

Looking for a chance to get consistent with their bats and arms, the young sluggers never really had much of a chance to get

their game into high gear. Behind the leadership and arms of Seniors Troy Johnson, Bryce Rodgers, and Nate Shaw, the team was able to put together some good innings. The individual efforts of many of the young sluggers gave first year coach Dessen a number of reasons to be optimistic. A silver lining amongst the dark clouds.

Hard hitting Troy Johnson at first base, Tim Duey in the outfield, and Scott Puffinburger as a designated hitter were chosen by the coaches as being league standouts.

A Rollercoaster Season

Softball

The Lady Fishermen this year had their up's and down's, but one thing for sure, they never gave up! Many of the attitudes of the girls were to just go out there have fun, and do the best they could.

Winning only five league games, the girls improved everytime they played. The girls were able to have only five practices on the field due to record amounts of rainfall during the season. This didn't help the team because there was only so much they could do in the gym.

At times the team was capable of playing with anyone

in the league. In the second game of a double header with league powerhouse St. Helens, the ladies pulled off a 7-4 upset victory. One goal Coach Marsch had was to beat the Lions this year, and they did!

Three sluggers were honored by the coaches from the other teams for their outstanding season. Making first team was Stacey Williams while Christina Maki made second team. An honorable mention was given to Amy Helmersen. It may not have been a winning season, but the Ladies all had winning attitudes.

DOWN AND DIRTY

In ready position with her glove on the ground, junior Stacey Williams waits to make the play. Stacey's tough defense was a great help to the ladies.

TEMPORARY SETBACK

After sliding into third base, junior Stacey Burgher holds her elbow in pain. Stacey was able to shake it off and return to the game.

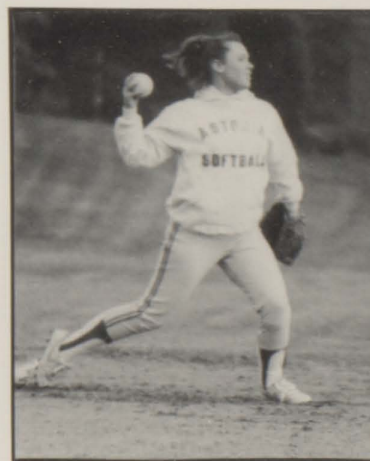

JUMPING HIGH

Jumping out of the way of a wild pitch, junior Kristen Thoreson gets some air as she tries to avoid the ball.

HARD HITTER

Using all her might, senior Denys Goozee tips this one foul down the third base line.

TURNING THE DOUBLE

Trying to make a double play, senior Christina Maki steps on third base as she pivots to make the throw to second base.

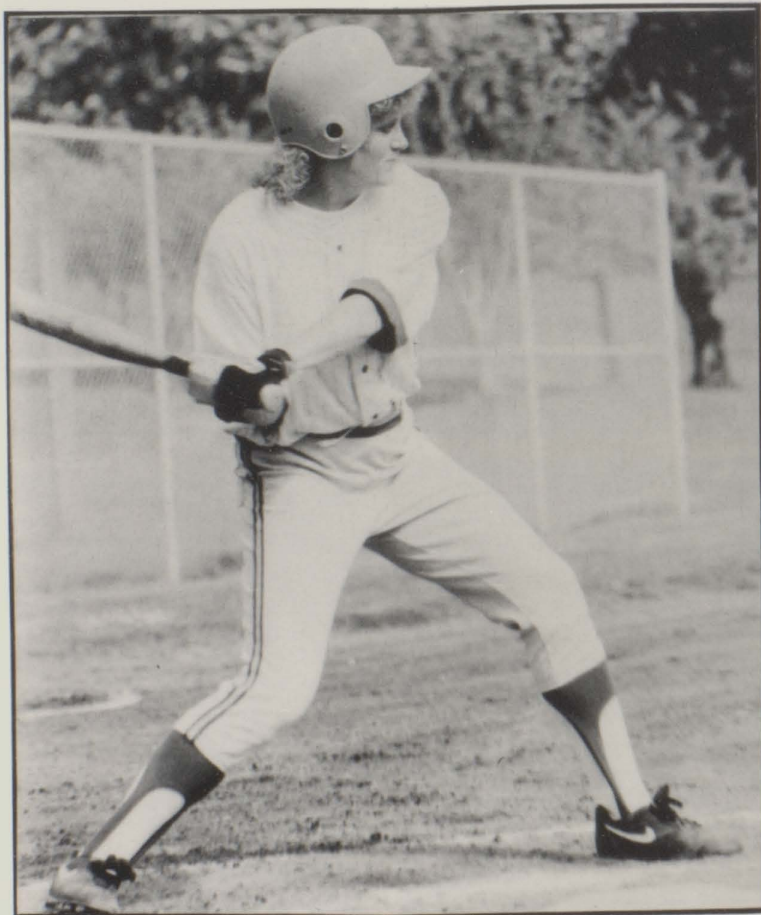

READY POSITION

Down, waiting for the pitch, senior catcher Denys Goozee awaits the throw from the pitcher. Denys' aggressive catching helped her earn a share of the MVP award.

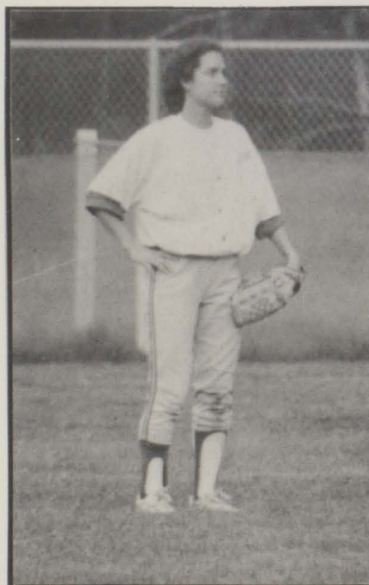

MAKING CONTACT

Getting ahold of the ball, senior Tima Link sends this one over the heads of the infielders.

HEAVY HITTER

Taking her best swing, senior Amy Helmersen prepares to belt another one! It wasn't uncommon for Amy to hit doubles and triples. Amy's batting average for the year was .350.

KICKIN' BACK

Waiting for the next pop fly in the outfield, senior Kris Goozee watches the infield do their stuff.

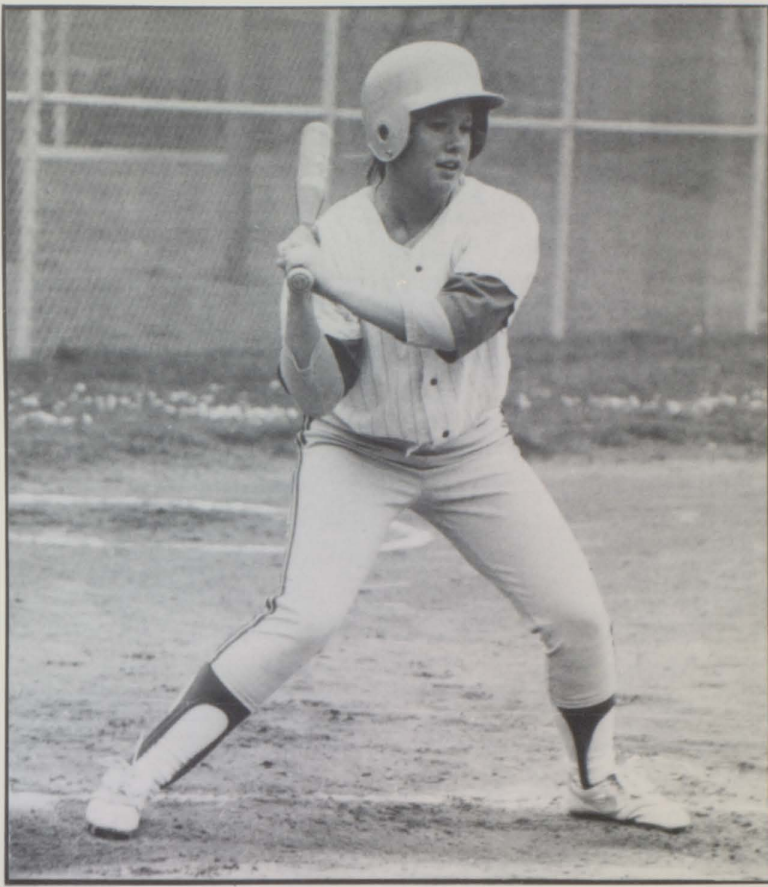

EYES ON THE PITCHER

Watching the release of the pitch, junior Stacey Burgher gets ready to kick it in gear for yet another steal to second base.

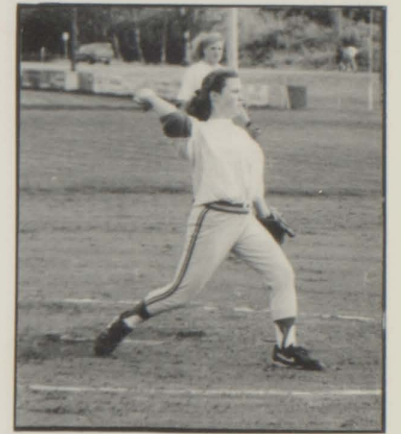

EASY OUT

Safely watching the ball into her glove, junior Stacey Williams puts another one out at first base.

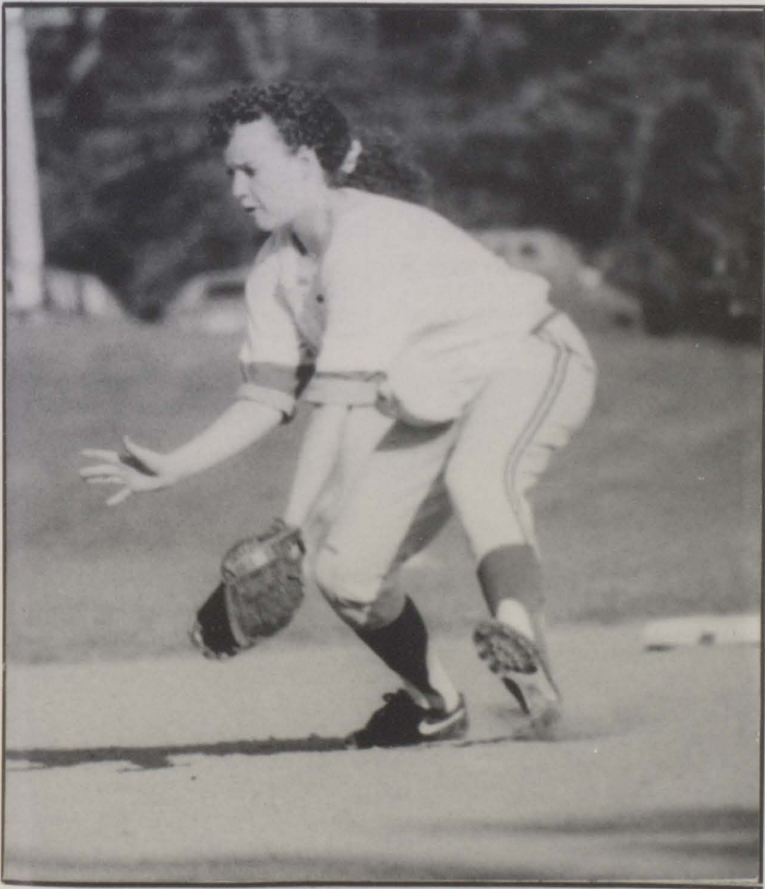

LETTING IT FLY
 Sending the ball in for a strike, sophomore Heather Douglas delivers it for another out. Heather's great pitching skills improved and she will be a big asset to next year's team.

SECOND THOUGHTS
 Deciding the pitch wasn't all that good, senior Christina Maki changes her mind and lets this one pass by for a ball.

NO PROBLEM
 Taking her time throwing the ball to first, junior Kristin Thoreson concentrates on making the easy out.

TOUGH DEFENCE
 Keeping her head down and eyes on the ball, junior Meghan Lavis guides the ball into her glove and attempts to make one more out.

ON DECK BATTER
 Waiting on deck to bat, junior Maija Osterholme gives a little encouragement to her teammate up to bat during the win over St. Helens.

CREATIVITY

"If you can imagine it, you can draw it," lectured drawing teacher Mrs. Kem. "Putting your ideas down on paper is really just a matter of visualizing and practicing,

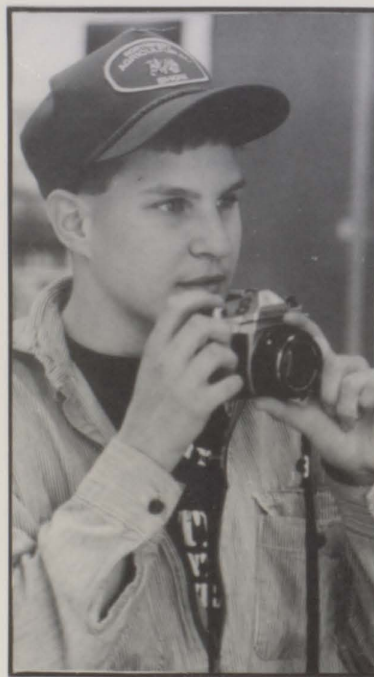

With this advice as a starting point, the 25 students in the drawing one class set out to make themselves better artists. Like all the others enrolled in the art classes, they were going to be required to stretch their imaginations and to meet their ideas into their artwork. "I have really enjoyed being able to express myself in painting by putting down my thoughts in color," commented junior Llama Taylor.

Similar to the drawing classes, photography students concentrated on design skills that would help them to take better pictures.

"We spend a lot of time on the basic elements of design, like patterns, lines, shapes, and lighting," commented photography teacher Mr. Holmstedt. Not only did the students learn to develop and print photos, they also learned to train their eyes to become better at taking photos.

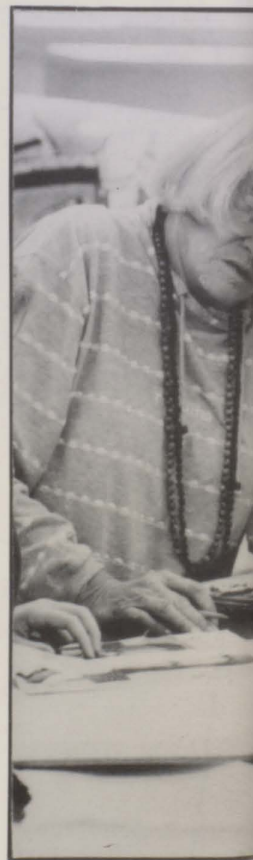

Students from the many different art classes also got a chance to display their work at art shows held at the school and some special displays in the community.

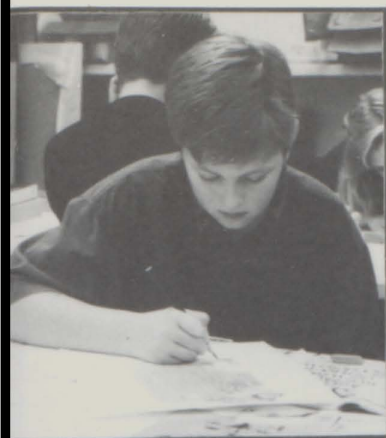

Like all the art classes, students found a valuable skill that they could use to help build their creative talents. "I think in the future, I will always use what I learned in photography," summarized junior Myriah Garland. And that's one to grow on.

Refining the *English* language

English refines the major skills--reading, writing, and speaking. What was everyone doing this year? Lets take a look back...

In English 9, the freshmen were reading classics such as: Romeo and Juliet, To Kill a Mockingbird, and The Odyssey.

The projects for English 10, sophomore level, were focused on intensive grammar and studying a variety of literature--but only for one semester. The other semester consisted of a speech class, including ten speeches.

The juniors in English 11 were busy studying the five major types of literature--the short story, poetry, drama, the film, and the novel. After this, they put all of their new knowledge to work in an extensive writing unit.

English 12 expands upon what students have already learned from hours upon hour of studying the mechanics of the language. The seniors did creative writing and labored through research papers.

The major assignment was the newly inducted Senior Project which involved putting together a variety of skills to show how much had been learned in twelve years.

VOCATIONAL CLASSES

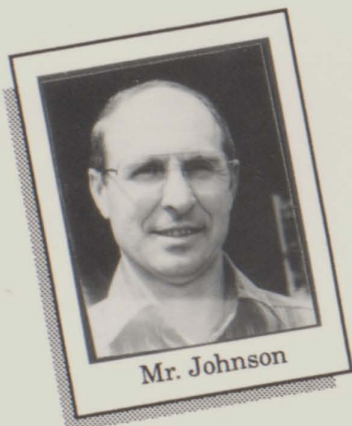

These two pages are dedicated to the vocational education classes. These classes should be considered directly work related in their focus, because they teach useful things for everyday life. Such useful things as how to drive, how to cook, welding, architecture, how to build a useful piece of furniture other than a ashtray, and how to be a good parent.

The newest class in our school is parenting, Ms. Moss said of the program, "Considering most of the kids were seniors in their last semester, I think,

we still covered some good issues, including some timely issues from the community. The whole class, I feel, learned critical thinking, and that parenting should be a democracy not a...[dictatorship]."

Mr. Johnson, a shop teacher of 30 years, said, "It's time for me to retire. Everybody will retrain several times during their working career--I don't want to retrain...someone better trained in computers needs to teach these kids.

And, yes, I am ready to retire."

Mr. Johnson

Ms. Moss

IN THE GRIND

Metal work required a lot of planning and patience as Michael Junes found out in his welding technology class.

FREEHAND

Finishing a floor plan, Dominic Rusinovich carefully puts in the details during mechanical drawing.

FLAME ON

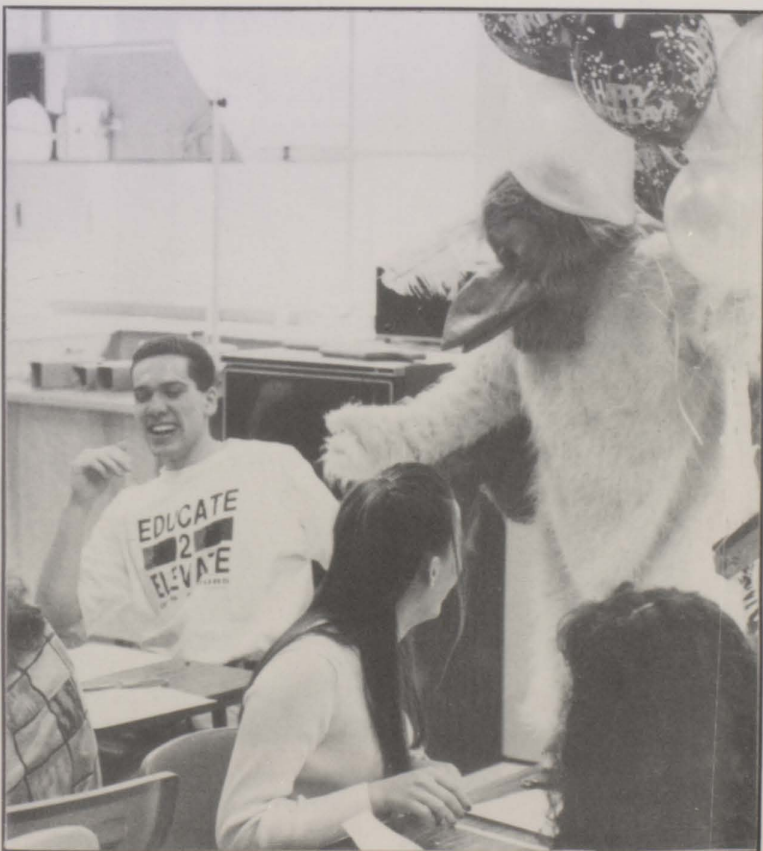

Oxy-acetylene welding required concentration and a steady hand. Kevin Temple carefully puts it to the metal.

PRECISION

Brandy Weeks in her woodworking class puts on the finishing touches of a computer desk

FRY GUYS

Luke Olson and Jeremiah Ecker fry some fries during their third period foods class.

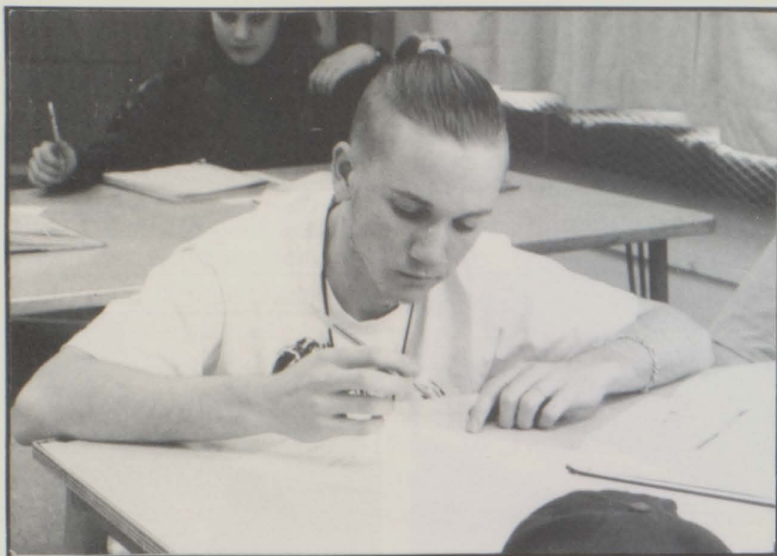

HIGH TECH

Cutting edge computer aided drafting technology hit AHS in mechanical drafting. Colby Lennon learned the finer points of the system.

HAPPY BIRTHDAY

Parents do silly things to embarrass their kids and John Doney's did just that during his parenting class.

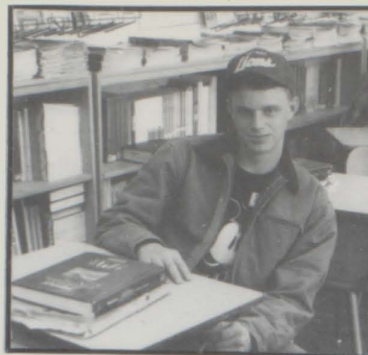

TESTING...

Sophomore, Josh Williams reads through a question on his U.S. History test for the second time just to be sure that he chooses the right answer.

WORK, WORK, WORK

Junior Isaak VanHorn shows great interest and concentration over his difficult American Government assignment.

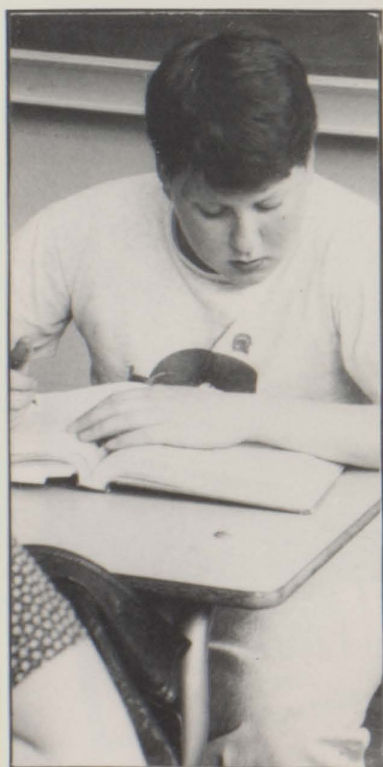

EARLY FINISH

Senior Jeremy Hart smiles proudly as he gets a chance to rest for a while after finishing his American Government assignment early.

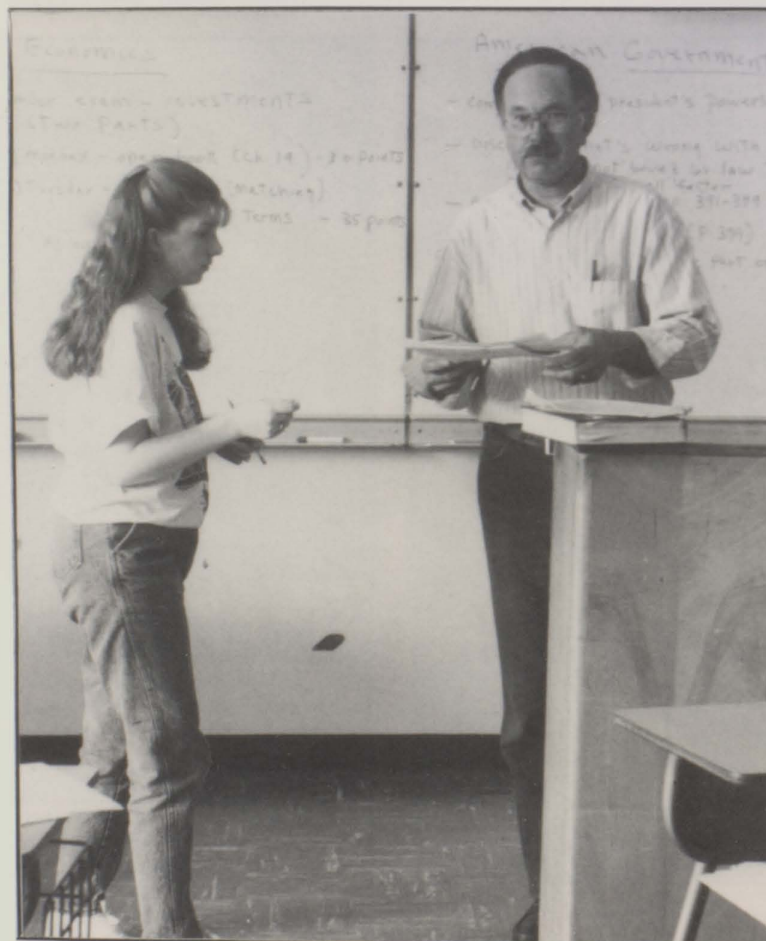

HARD WORKERS

Juniors, Krista Darnell and Sandy Fear, show great concentration to fool the teacher into thinking they are actually working while what they were really doing is filling out job applications.

BOOKWORM

Studying for a Global Studies exam, Spencer Johnson reads through his book to make sure that his study sheet is correct.

EAGERLY WAITING

Waiting patiently for Mr. Sarin's help, junior Melissa Shepherd questions the details of her next American Government assignment.

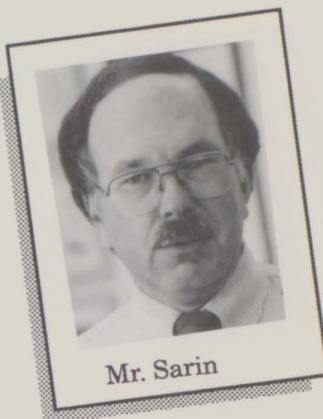

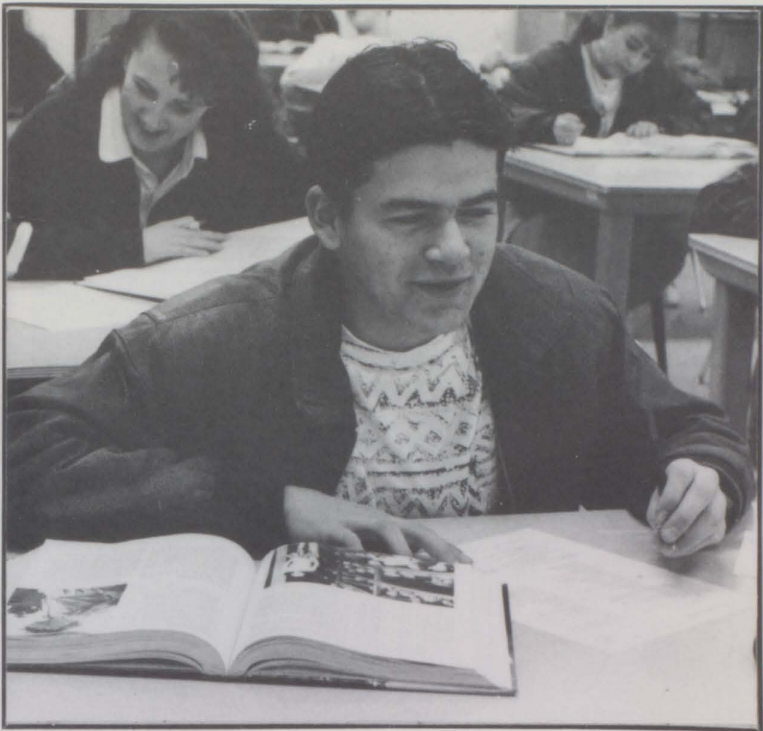

SAY WHAT??

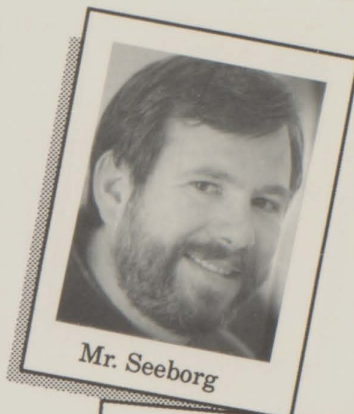

Junior Cecilia Stowell is confused as she tries to figure out exactly what is meant by a question in her American Government packet.

TESTING HUMOR

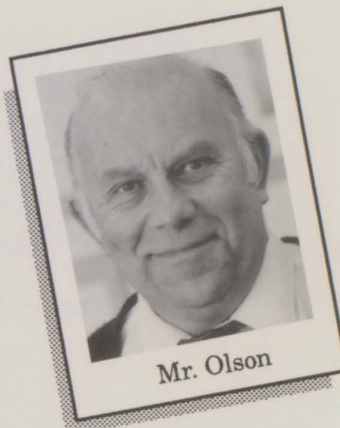

Sophomore Allan Long takes a break from a U.S. History test to laugh at his humorous classmates. The class teaches students about the history of our country.

Mr. Seeborg

Mr. Olson

Mr. Flowers

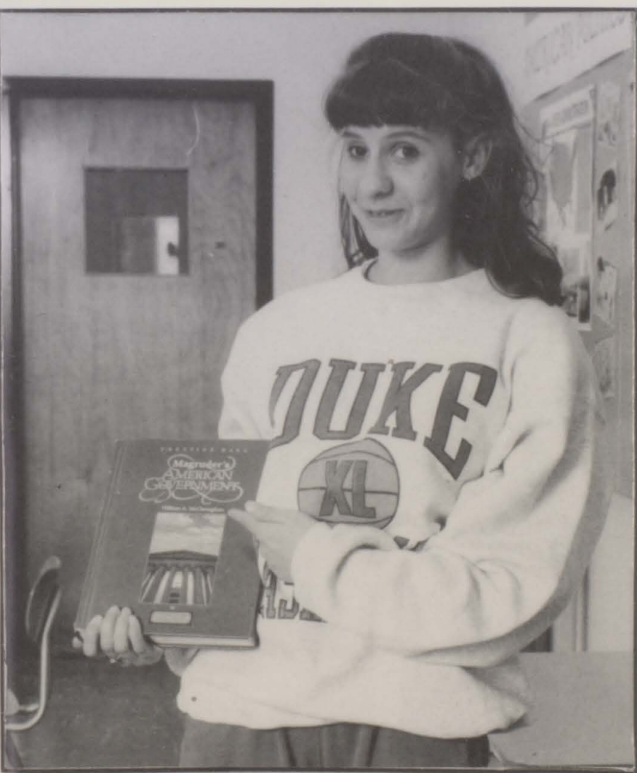

SOMETHING OLD, SOMETHING NEW

Doing their best to add some interesting lessons in the History department, the teachers searched for new methods and materials to get the message through to the students.

It is a graduation requirement that three credits of history be taken in the four years of study. Each student must take Global Studies, U.S. History, and American Government. For the second semester of a student's junior year they have the choice between Current Issues, Psychology, Sociology, or American Politics, to fill their last required credit.

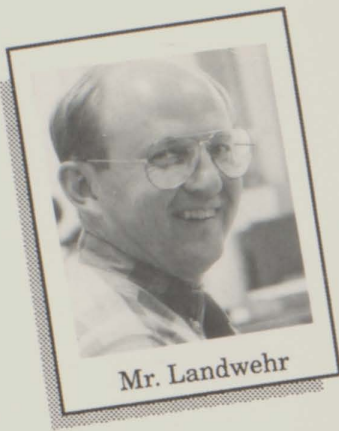

The very best lesson for the year had to be when Mr. Seeborg took 34 students from the high school and middle school to Washington D.C. to learn more about our governmental system and the nation's capital. Eight chaperones accompanied the ambitious tourists while they visited a total of fifteen landmarks during the six day whirlwind tour.

Throughout the year the many courses were diverse in the methods of learning. From mock trials to letters to elected officials, the classes gave students an insight of the processes and procedures of our government.

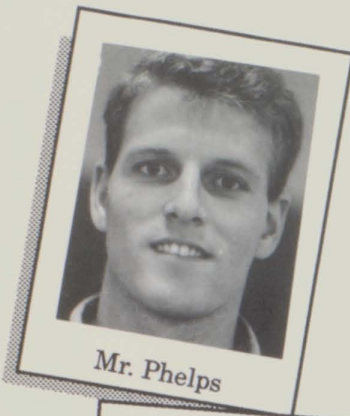

THE BEST CLASS

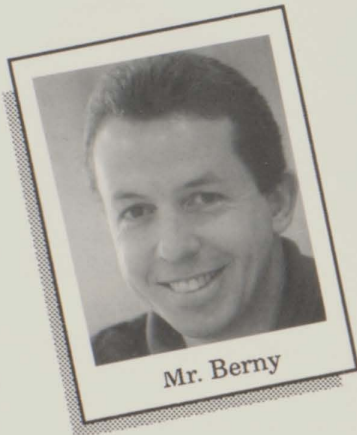

Junior Denise Miner's face shows her love for American Government as she motions toward her book. The class helps students to a better understanding of our governmental system.

PUTTING TWO AND TWO TOGETHER

Working through a math problem, senior Chris Baker searches for the answer to an algebraic equation. All students were required to have two years of math in order to meet graduation requirements.

QUICK THINKING AND A BALANCING ACT

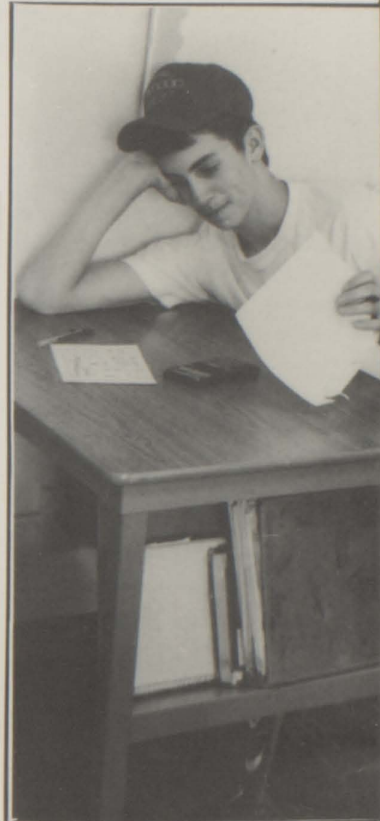

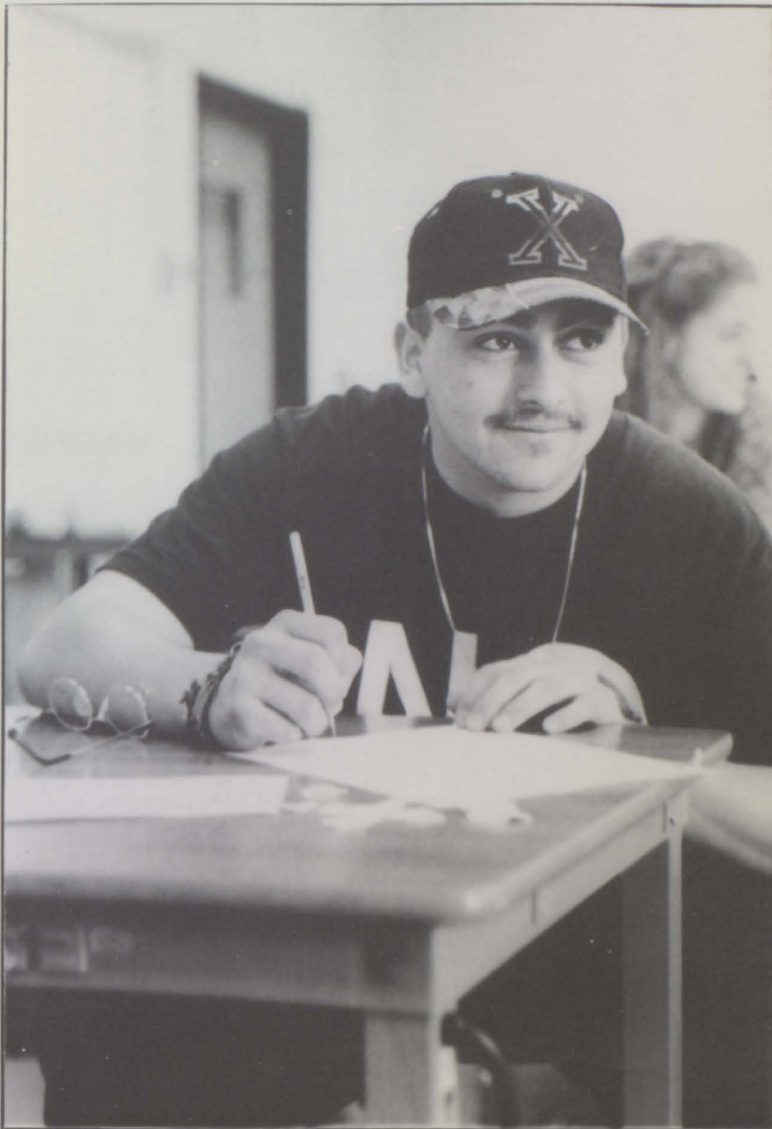

Punching in the numbers as fast as he can without looking at the keyboard, senior Chad Lund computes his accounting problems for his balance sheet.

DAYDREAMER

Staring off into space, Michael Long pretends that he's paying attention to the teachers directions.

SMILEY

Mr. Happy, Mario Alfonse, laughs his way through his trigonometry as he finds delight in big numbers.

CONFUSED

Puzzled sophomore Zach Hiatt, looks down at his calculator trying to figure out his math assignment.

COP-OUT

Burned out, Tanrel Owens sleeps during Mr. Schieleski's lecture about math equations.

FIGURING IT OUT

Penciling in the problem so that she shows her work, freshman Desiree Moore finds the right solution.

With a Little Help From Their Friends

*What would you do if I sang out of tune
Would you stand up and walk out on me
Lend me your ears and I'll sing you a song
And I'll try not to sing out of key*

-Paul McCartney

"This class is my favorite class of the day."
-Jeremy Carroll

"I only wish I would have taken this class earlier." -Kathy Maki

"All together this class lets everyone have a lot of fun. It lets you know that you're actually helping someone and adds some character to the school day."
-Mario Alfonse

"If I'm having a bad day, they bring my spirits up and my day is better."
-Bettina Bui

Life skills is for everyone...

"It's nice being in this class. I'm learning about reading, how to get along with others, and how to make friends."

-Frank Jurgensen-Gassman

"Laughter always echoes in my ears, telling me to be happy. Everything will be OK if you just believe in yourself and others." -Kristen Wentworth

"This class teaches me how to be independent, how to depend on myself. I've learned to try it on my own first."
-Vincent Schneider

"To help teach others as well as learning that there are no limits to what a person can accomplish."
-Maija Osterholme

Cleaning Alderbrook hall was just one activity David Reynolds enjoyed as part of his community work experience.

Battling it out for the loose puck, Mrs. Marsh's P.E. students try to keep their sticks on the ground.

POWER SERVE

Playing to win, sophomore Luke Olson slams the ball over the net to an unsuspecting opponent.

HARD BODIES IN THE MAKING

People today care more about their bodies than ever before. They care more about what they do to their bodies and what they put into them. They're cutting down on cholesterol and building up on nutrients. They're pumping up and cooling down. They're starting to catch on to the fact that they will live longer, healthier lives if they eat right and exercise.

Thanks to the physical education and health classes, students are more educated on how to keep their bodies in the best shape it can be. Physical education has taught students how to maintain fitness. It

has also taught them how to make their own fitness programs that they can continue throughout their lives. Health classes have taught students what's good for them, what causes health problems, and the effects of drugs. There was also a section on sex education, which in this day and age is very important.

P.E. and Health classes greatly helped to form the base of kids' attitude towards health and fitness. The information and practices that were emphasized in the different assignments will be the foundation for a healthier and more fit society.

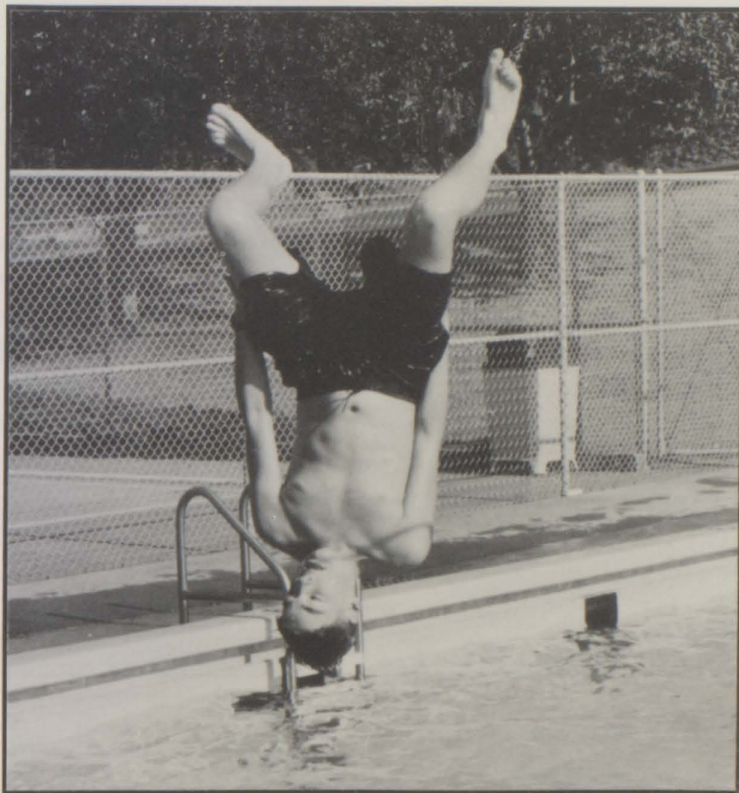

BUMP!

Sophomores Jasper Lind, Nicole Rusinovich, and freshmen Scott Youngren shoot it out for the title.

HEAD OVER HEELS

Doing a backflip off the diving board, sophomore Doug Aveline makes the most of his fall P.E. class.

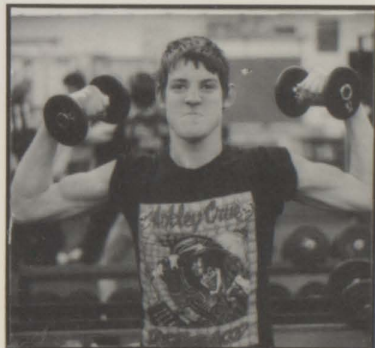

SAY CHEESE

After relaxing by the pool, senior Kammy Hunter gives a friendly smile and wave for the camera.

FUN IN THE SUN

Sophomore Angie Fisher prepares to set the ball, forgetting a major rule: Open your eyes, 'Fish'.

TOO BUFF

Showing off his muscles, freshmen "Rog" McMoubrey pumps some iron. Wow! Check out those biceps.

DOING BOBS

Coming up for air, junior Kive Dahlberg blows a bubble show.

GETTING READY FOR THE FUTURE A BRAVE NEW WORLD

As the MTV generation blazes through high school, a question arises. "Do you need to understand the inner-workings of a toaster to make it work?"

The answer (of course), is yes. Based on the premise that scientists say that if you took all the discoveries and technological advancements of the past twenty years, multiplied that number by 500, you would get the number of scientific discoveries in the next twenty years!

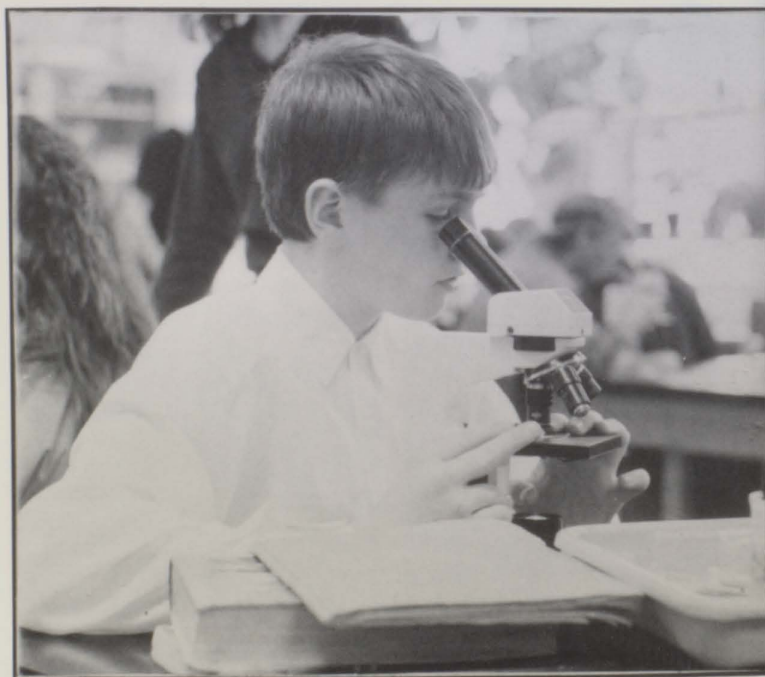

In a world of cellular phones, microwaves, fax ma-

chines, and powerbook computers, the need for staying up with all the current and past knowledge has never been greater than now.

With this ever growing need, the science teachers were there to quickly provide some of the information that will help us in the future. Among the concepts and experiments they should be given credit for explaining to us, were the widening of our views of our bodies, ecology, and those little atoms we can't see.

TOUGH STUFF

Considered by many to be one of the most challenging classes because of its college prep curriculum, Constantine Phillipakis works on a chemistry test.

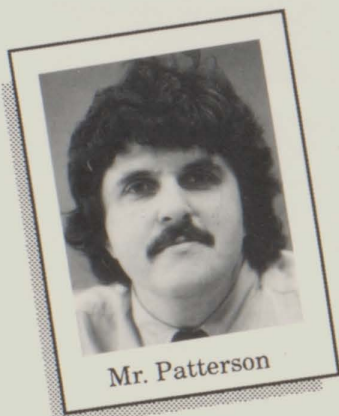

INNER SPACE

Freshman Joe Muehlhauser uses a microscope to explore the complex world of inner space, where, maybe, fifteen different little animals live in a single drop of water.

BUG COUNT

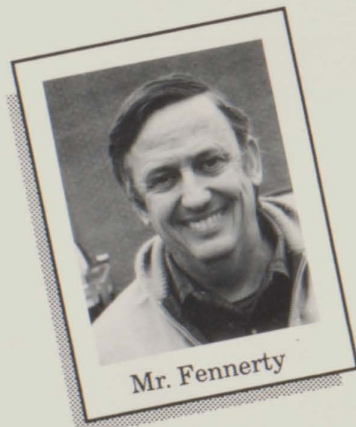

"I'm not enjoying this," said freshman Jessica Hart as she counted her napping fruit flies in Biology.

Looking like zombies, but, Evelyn Bennett, Gabe White, Sydney Van Dusen, and Chad Gustafson, were becoming knowledgeable on their next lab.

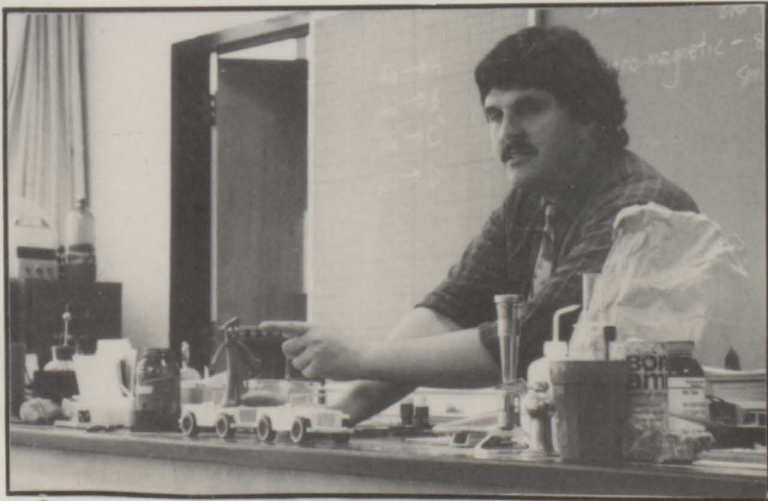

SPECIMEN OF DEATH

Amy Mattingly attempts to classify a preserved animal in a jar of formaldehyde in biology.

MYSTERY MEAT

Senior Trent Youngren tries to solve one of the great mysteries of the Astoria High cafeteria. What is the meat inside pizza pockets really made of?

GUMBI WILL DIE

Mr. Patterson explains, using simple props, to his physics class how Newton's 3rd law applies to Gumbi during a collision with a toy Jeep.

SERIOUS STUDY

Krystal Demos works on the end of chapter questions in preparation for her upcoming BSCS test.

STRUMMING IT UP

Ready to come into his solo at the Holiday Arts Experience, junior Izaak Van Horn follows the charts for the stage band tune.

LAUGHING IT UP

During one of their lighter moments of the performance at the Arts Experience, Jennifer Hockley and Elle Foumai share a good joke.

KEEPING THE BEAT

Pep band member, senior Eric Hanley, keeps the beat for the fight song and the small but dedicated group of musicians who made up the group.

WARMING UP

Tuning up her saxophone for the homecoming pep assembly, sophomore Chrissy Casados was one of the only saxophone players in the band.

SPECIAL TREAT

Throughout the volleyball season, different individuals took turns singing the national anthem. By far one of the best, Port City Singers did a fantastic job.

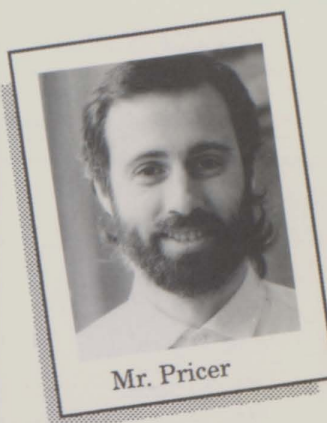

TIME OUT

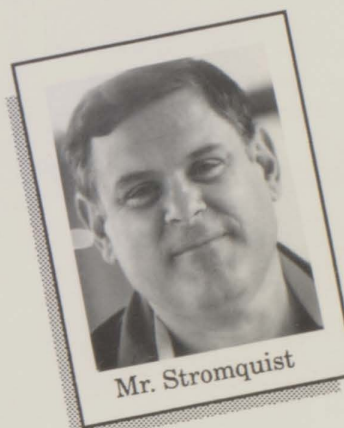

Two pep band members, sophomore Sara Crosby and freshman Kathleen Norgaard, chat in between songs during a pep assembly.

CAROLING

Bringing out the Holiday cheer, the Concert choir sings "We Celebrate Christmas", a French carol that was beautifully harmonized.

COFFEE BEAN

Getting into the mood of the song, junior Robert Amell drops to a low raspy voice bringing the crowd to a roar.

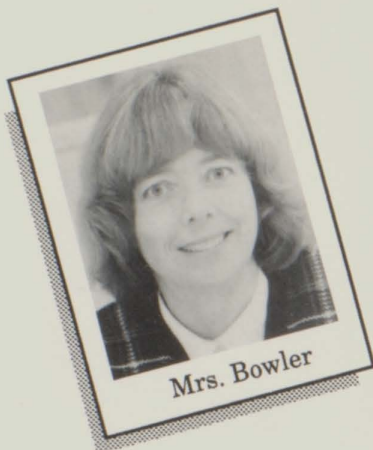

HITTING A HIGH NOTE

When all the instruments are playing in harmony, the sound is music to the ears. This year students in the music department came together to showcase their talents and abilities through a series of concerts and competitions that were entertaining and well appreciated by those in attendance.

In the Spring, AHS bands hosted the Cowapa league music festival. The one day competition brought in bands from around the league. Throughout the day there were many outstanding performances with the best judged groups moving on

to the state level. Playing above the rest, the AHS Symphonic band was awarded the top spot and earned the right to play in the state competition at Oregon State University.

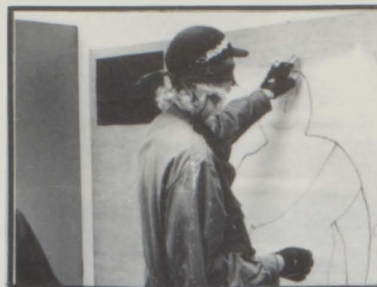

The Port City Singers were once again the gem of the choral department. They continued to blend together a mix of contemporary and traditional songs to make for a good concert. In addition to performances in the Arts Experiences, a special AHS assembly, and grade school concerts, the group sang at various functions around town and the state. They also worked on recording a CD collection of their best songs.

X MARKS THE SPOT

While trying to place the laurel wreath on Davus, junior Dave Hudson takes part in the Latin club Oktoberfest.

TRYING TO KEEP UP

While watching the advanced French class act out a play, the French 1 & 2 students try to laugh at the jokes.

MORE THAN WORDS COULD SAY

The language department definitely kept themselves busy this year. The Latin classes started out the year by celebrating the Oktoberfest to learn how the festival was originally held.

The advanced French class worked hard on studying an art unit of the French Impressionists. To further their studies, the class took a trip to Portland to visit the Portland Art Museum.

Meanwhile, the advanced German class was teaching the second and third graders at Gray school, how to speak German. The experience was rewarding for not only the elementary

schoolers, but the students from the high school as well.

The second year French and German classes played the traditional BaFa BaFa game, which is intended to teach about culture shock in future travels.

In what may have been the most unique opportunity for all of the classes, many students that were in the Spanish club traveled to Mexico for eight days over Spring break to soak in some of the sights and the rays. Chaperoned by Mrs. Barth, the adventure turned out to be a great week that gave the students some real insights in the Mexican culture.

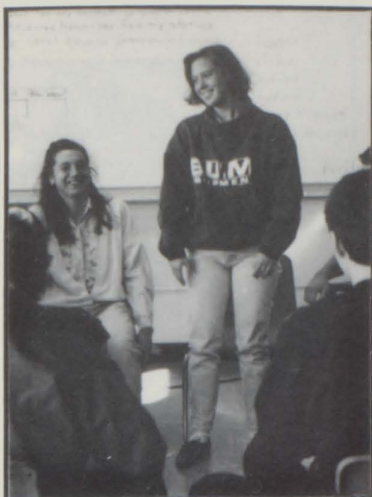

PRETZEL PARTY

Showing his approval of the homemade pretzels, senior Josh Staley serves himself a dish.

VOILÀ! LA BÉCCASINE!

Revealing where the dime was the cake, senior Chloe Swain acts as the maid in the French class' play.

DANCE CLASS

Demonstrating a dance she learned from the second graders, senior Christine Maki shows the class the steps.

SPANISH FIESTA

Preparing Spanish pastries, juniors LaReina Shaffer and Leah Farmer try to prevent a bigger mess.

SPANISH DANCE

While dancing to some Spanish music and a how-to video, juniors Mike Kyle and Jon Escobar put their best steps forward.

GOOD TRADE

Trying to trade her cards for more money, sophomore Julee Cordiner gets involved in the BaFa BaFa game.

READY TO GO!

Surprised that they finished the do-it-yourself kite, juniors Maija Osterholme, Angie Fisher, and Jeremy Snow admire their work.

FRENCH KISS

Acting out their parts for their play, senior Peter Jackson and junior Kristin Thoreson show the audience how the French greet.

Home of the

"Fighting Fishermen"

To all AHS students and staff:

1992-93 has been a very good year at Astoria High School. Your challenge in the fall was to have the best year ever. You have met the challenge. All students returning in 93-94 face the same challenge.

We are all members of a rapidly changing society. Education must change to meet our needs for the future. While educational reform can be scary and stressful, it can also be challenging and rewarding. With students, parents, and staff all working together we can meet any challenge and reap the rewards of our endeavors.

Sincerely,

Bill Parish

WHAT WILL YOU BE, AND WHAT WILL YOU BE DOING?

2013

THE CLASS OF 1993 MAKES THEIR PREDICTIONS

ILONA GERAGHTY- "I will be somewhere wonderful, doing something wonderful, with someone wonderful." **KAMMY HUNTER**- "I Kamron 'Ibarra', will have pulled all my hair out after teaching 15 years of kindergarten, so I'll retire, and become a gas pumper at the local Mini Mart. John will drive our silver bullet around town, and he'll own the 'Astoria High School Taxi Service'. I'll still meet Brandi M. at the big MM to talk about the 20 year plan. Good luck class of '93" **ARLO RYAN**- "I will be playing bagpipes with 'Weird' Al Yankovich and having lunch with Jeremy Clifford and his wife Wynona Ryder." **RYAN HELLIGSO**- "I will be sporting a new 60 ft. yacht, in which I will travel the world writing my novel 'FINE WINE AND WOMEN OF THE WORLD'. My fame and fourtune won't take away from my friends because I will take October through February off to go duck hunting with Tervin, Matt Chris, Ube and Pelmy at the shack on Russian Island." **BOB REITER**- "...Maybe I'll even have my license." **MIRANDA HIATT**- "I'll be lying on a tropical island sipping drinks and taking it easy searching for my third husband. Kammy, Melissa, Brandi, and I will have to meet frequently to have our lives directed by the Oija board..."

Up to his neck in quick sand,
James Crane is rescued by some
great, and heroic,
classmates.

Swim team veterans
Christina Maki and
Tina Lilley take a
break during one
of their practices.

SARA LANDWEHR- "Timber and Fronk will live in my closet and be my personal love slaves!(Top that Mandy!!) Every summer I'll be making my pilgrimage back to Astoria for camping rounds with Dr. Hiatt to whom I owe my life...and face!!P.S. Miranda, don't leave home without your shades, you never know when the sun may come out!" **JENNIFER HOCKLEY**-

"I see myself hangin' out with my best friends- The Crisco Queen, and the Life-saver Lady. Oh, and don't forget the hot-tub with the jello. Hey Crisco King! I'll own 'my' truck by then." **ALAN NEAL**- "I will move back to Astoria and buy the big Astoria Bridge. I'll start my own business and call it A.B.C. Jumping (Al's Bungee Cord Jumping). It'll be a blast when I add the High-Tide Special. In which, you jump from my bridge (with a bungee cord attached) and go below the surface of the water. Also if you want to jump off my bridge without a cord, you won't have to pay the toll." **JOSH STALEY**- "I'll be chil-

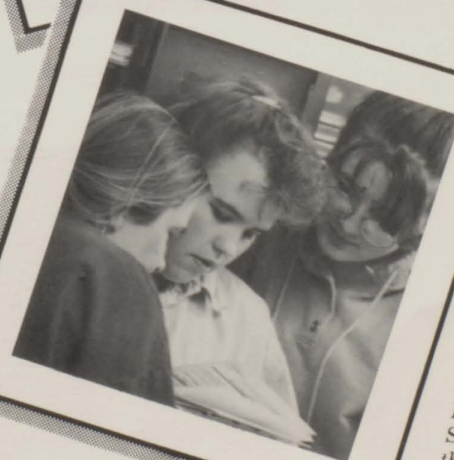

lin with the G's at the liquor store, 'cause I be one hard gangsta." **KIMBERLY JOHNSON**- "I'll be skiing down a mountain dodging sniper fire and guys I've cheated on. Then in my spare time I'll disguise myself and weave welcome mats and do needlework and then send anonymous black mail threats to people I've spied on. Then I'll be rich, have my own Swiss Bank Account, and will buy lots of rare swords & antiques. Then I'll take a shot at going into space." **ELENA SEELY** "I'd like to be married to Bernie McMaster and have a large house and many kids."

Stressed out to the
max, Brandi
McGinnis is caught
close to the edge.

Looking over a
financial aid packet,
Grethe Luoma, Tina
Link, and Danica
Smith try to figure out
their futures.

JEREMY MATLOCK- "I will finally be taking life easy. I will be happily married to Michelle Wirkkala and have three children, I will have already won the gold in the Olympics and paid off my debt from college. We will own our own health and fitness center, and be very wealthy. The five of us will simply have the perfect lives. I can't wait!" **PRESTON MEYER-** "At our reunion, Phil, Kirk, Josh, and I will show up in VW Rabbits, wearing rabbit fur clothes, and sit around Mrs. Bowler telling her how all of our kids are going to take German too. And all remember, 'Don't get run over!'" **TRAVIS OLSON-** "I will live in Spokane and I will be finishing all the necessary steps in purchasing K-Mart. I will be living very well, but I will give money to charity. And the best part of my life will be the person I spend it with." **HEATHER LaLONE-** "I will be a successful doctor with my own practice living in Barcelona, Spain. Mike Balesky will be home with our two kids and pregnant with the third. I will be on a plane traveling to the 20 year Girls' Night reunion. Faces of the past, lacking male anatomy, will gather behind Lola's house to release the tribal powers felt only by the Goddesses. My apologies, but I can not go into further detail because, as most males understand, it is all top secret." **PHILLIP SEAN DeLONG-** "I don't know." **CHLOE SWAIN** "I will be the producer of the now very successful comedy show, CHLOE SWAIN'S SATURDAY NIGHT LIVE! I will be fluent in 25 languages including Marshallese, the language of my homeland. I'll be married to a sweet, successful, funny, smart, wordly, beautiful man and have a set of twins with curly red hair. I'll take my private jet back to the city on the edge for the 20 year Girls' Night reunion. We will have some big green fun around the campfire. We will stick various twigs and other debris up our noses and wig out to some magical Hendrix. If I start to feel really silly, I might break into song, auf Deutsch of course! To top of the evening and to level my friends, 'STEAMROLLER!!' We'll all decide to say goodbye to a fast-paced society and invite our respective families to live with us on a commune in Olney." **AMY SALSBERY-** "I will be a successful doctor for the extremely rich and old. I will still be having fun with 'Linus', and plotting revenge on Chloe Swain for all the Girls' Nights that she slept by me at." **DONNY BUI-** "I will be making millions and millions of dollars a year but too tight to spend a penny of it. I will be a low-life drug lord in the underworld of Astoria. I will have plenty of hitmen to do my dirtywork. They are the meanest and ugliest of the human race, like Mrs. Hale." **ANDREA YEAGER-** "Who knows, I may even be a little taller by then!" **KIRK ATKINSON-** "I will be: Sailing the 7 seas, Doing as I please, Waiting for no one, And having lots of fun!" **BRIAN JACOBSEN-** "I hope to be a medical guy in a nice small town with a sweet car and a family. I'll probably be a 'weekend warrior', climbing mountains and hangin' out in the woods. Phil and I will take road trips, and he'll tell me about how the Liberals have destroyed our country and I'll say, 'I told you so. HA! HA!' If I'm really lucky, I'll be a 'Top Ten List' writer for Late Night with David Letterman and maybe he'll have me on his show and give me a free car battery."

KURT REINEBACH- "I'll be a game show host for a new game called 'In Jeopardy'. It will be a live show that takes place in Harlem at 2:30 a.m. The premise will be that a contestant must run from one studio to another one mile away in half an hour. The show will go off the air after 2 seasons and I'll go back to the asylum."

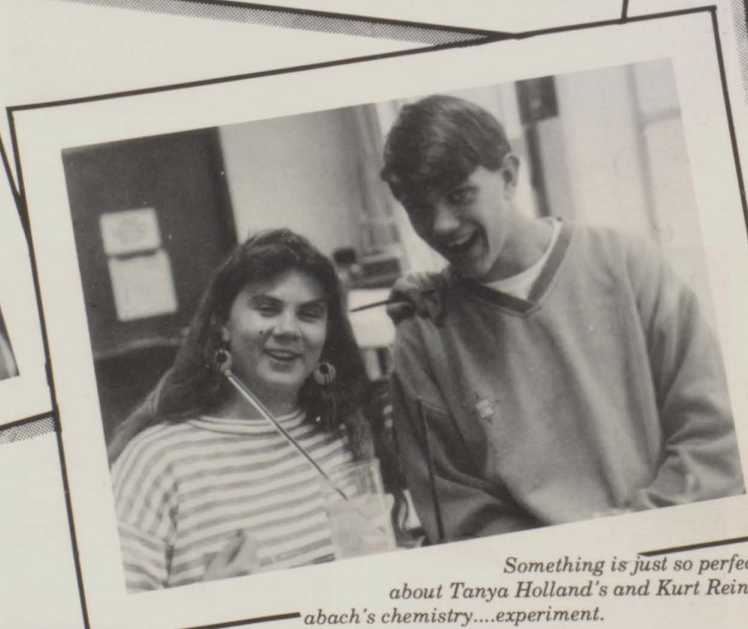

JAMES CRANE- "I'll own my own mall with everything you can think of in it. From dance clubs, to shopping stores, to movie theaters, to amusement rides. I'll be living in the lap of luxury with my wife and children in our home on the west coast. I'll try not to put Donald Trump to shame when starting to build the 'Crane Tower'."

DAN CHAMBERLAIN- "In the spring of 2013 I will return from my annual surf trip to Tavarua, Figi to attend Ryan Smith's graduation. After the ceremonial loop, I will return to my trainer's estate (Chris the Janitor) to train for the title fight with Julio Cesar Chaves and win or loose I'll have enough money to pay Foster to invest it for me and live ever after."

Dori Lavis, four-year veteran of Pizazz, shows the talent that helped her be part of a state championship team.

Glen Shin and Kirk Atkinson prove the old stereotype about men to be true.

AWARDS

THE HERE YOU ARE!

Spotting a familiar face walking through the door, Maya Barrows found the person that she was going to walk with into the awards ceremony. There were many people in the class that had a reason to smile after all the scholarships were awarded.

EAGER EYES

Waiting for the evening ceremonies to begin, Cheryl Zielinski smiles with delight. Later on she was presented with several awards including the "Semper Fidelis" award.

WHO INVENTED THESIS?

LEFT: Helping Andrea Yeager get her cap pinned on straight, Janaya Heater is careful not to have the pins show. The goofy hats were a problem for most everyone.

FROM THE HEART

Singing with a lot of inspiration and spirit, Stephanie Kustura performed a solo during the Baccalaureate ceremony.

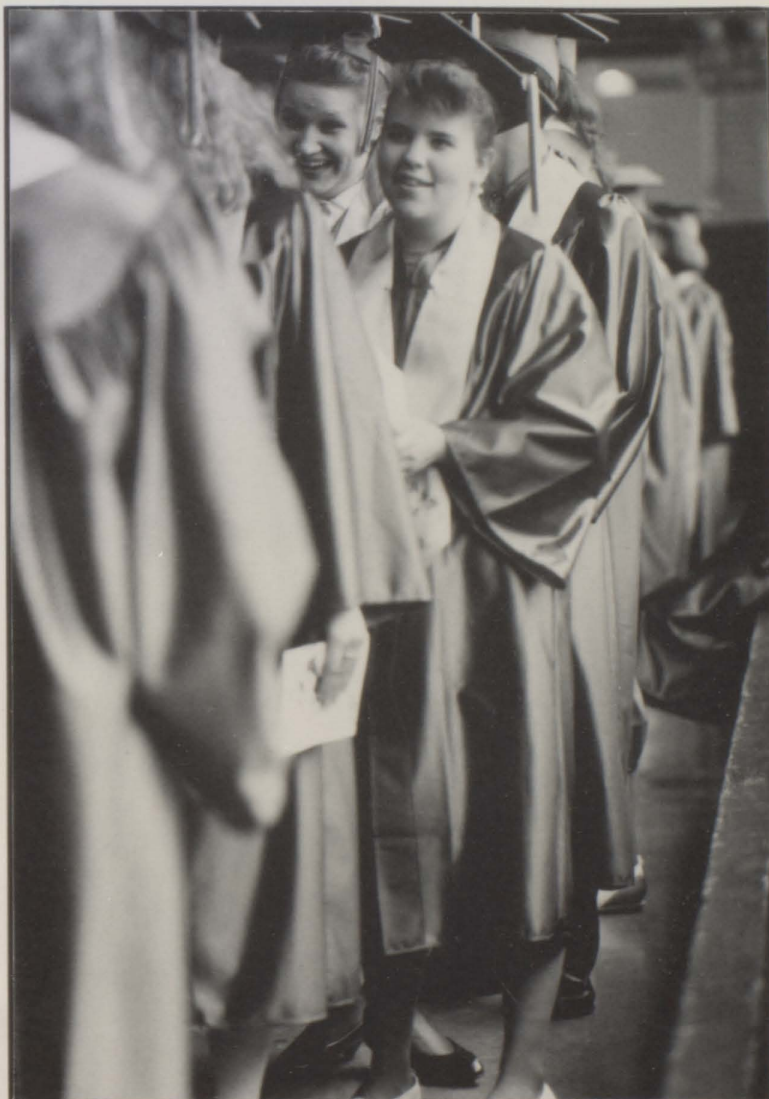

NICE TOUCH

Giving a short message to the members of the class that chose to attend the ceremony, Michelle Wirkkala gave the Invocation.

REMEMBERING A VALUABLE LESSON

Delivering his Baccalaureate address to the seniors, youth Pastor Joe Heidrick related the Biblical story about Joshua to the challenges that face the members of the class in the future.

FILING IN TWO BY TWO

In the hallway outside the auditorium the graduates were checked for gum and told to be quiet for the last time. It was hard for some, impossible for others.

To: Wendy Love: Mom & Dad

We are so proud of you! We know you will be successful in whatever path you choose. Be happy!

WELCOME

Because Mr. Parrish had to attend his daughter's graduation at Western, Willie Raw read the principal's words of welcome to the crowd.

CAREFREE

In high spirits, knowing they are now out of high school forever, Will Bridgens and Maria Segura grin from ear to ear.

MR. INVOLVED

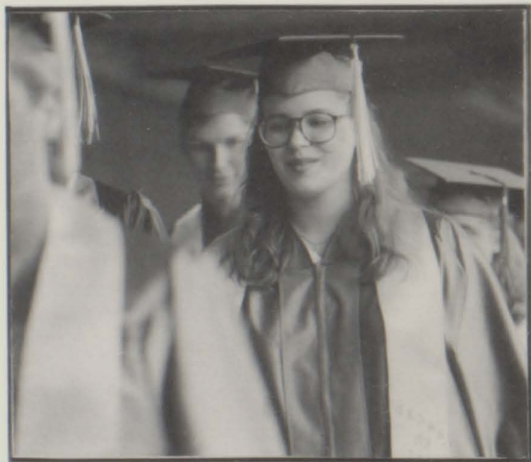

Valedictorian, Brian Jacobson, had to do a lot during graduation. He welcomed the audience, did the valedictorian speech, played the piano, and he had to pronounce all the graduates names' properly.

SINGING TRIO

Between the speeches, Stephanie Kustura, Kammy Hunter, and Jennifer Hockley, harmonize in "Friends are Friends Forever."

To: Trinity Love: Mom & Dad

May you put the energy into your future profession that you put into having a good time and the easy life during your school years.

BEST BUDS

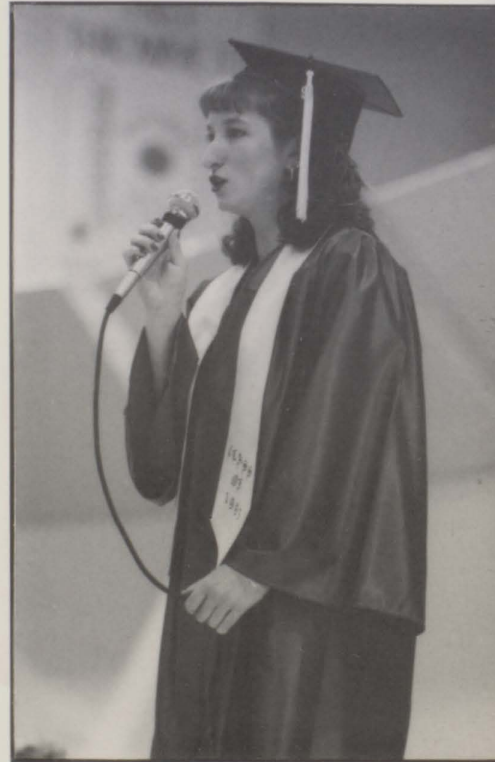

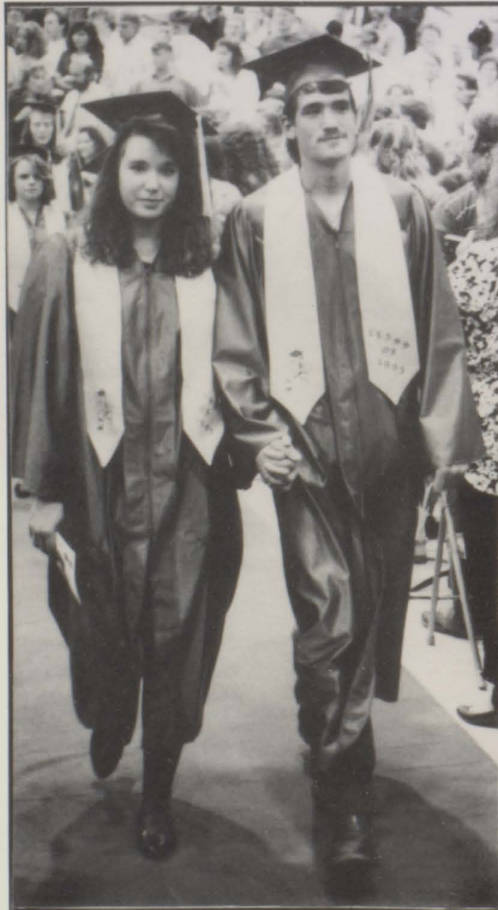

Hugging their main man, Mr. Pollard, Kris Goozee, Jennifer Wirth, Denys Goozee, and Amy Salsberry celebrate the occasion.

PREPARED

In the final moments before the class enters the gym, Marsina Charleston seems happy to be there.

HAND IN HAND

Taking their turn up towards the stage, Kathy Maki leads A.K. McSwain as he glances at the crowd.

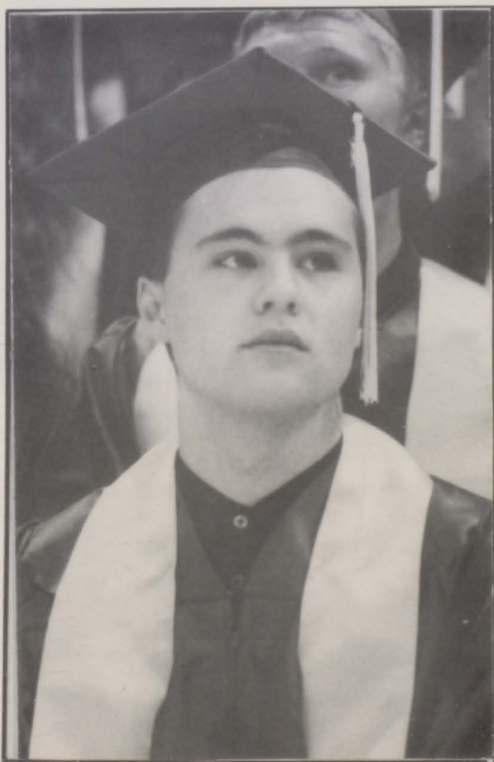

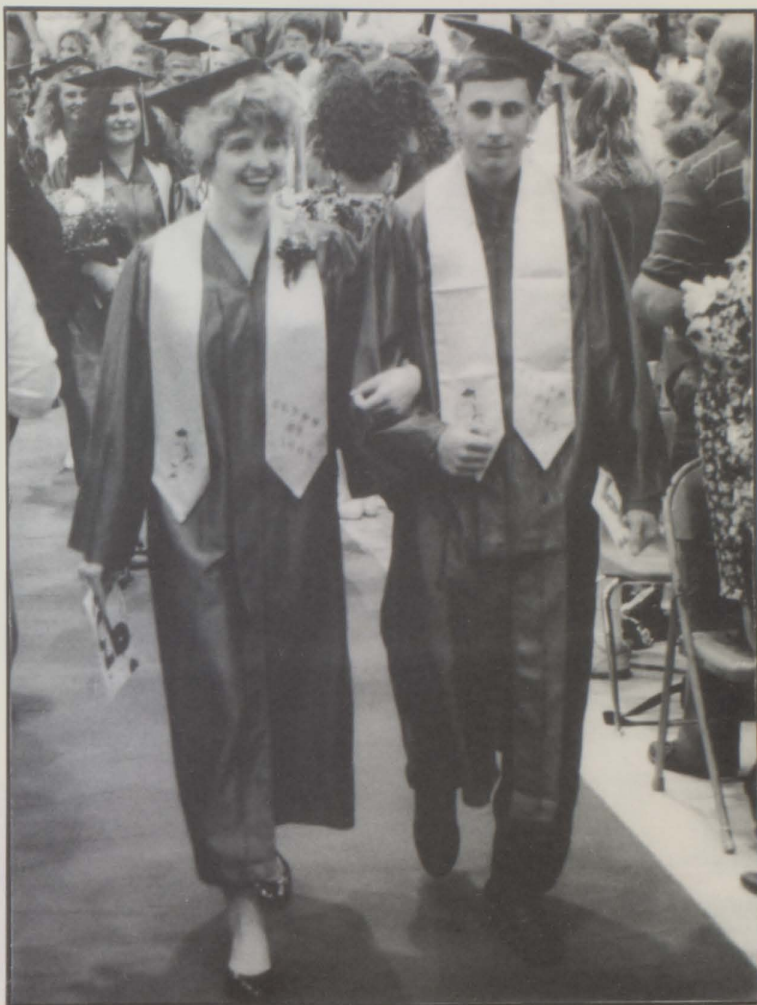

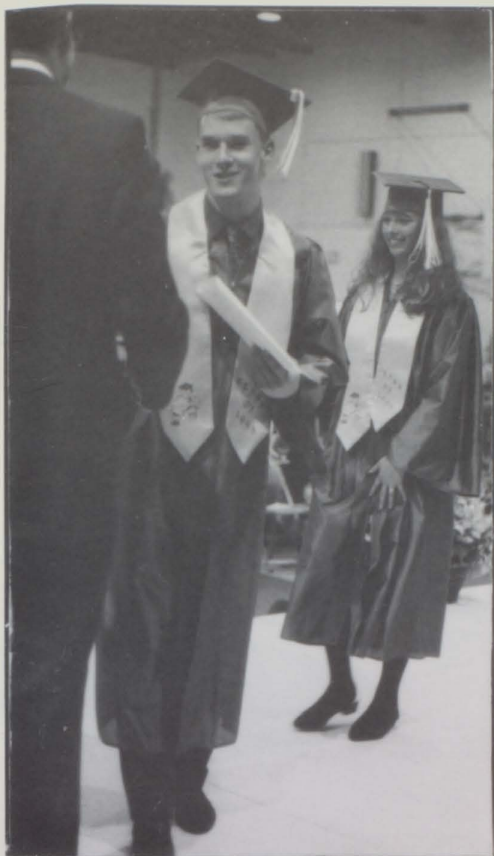

LAST SONG

Performing "If We Hold On Together," Jenney Gustafson demonstrates her love of singing.

AT LAST

After what seems like ages of work, Bryce Rodgers clutches his diploma while Lisa Davis awaits her turn.

LET THE SHOW BEGIN

Strutting down the aisle, Heidi Warr and Trent Youngren are ready for the ceremony to begin.

LOOKING AHEAD

Staring off into space, Cory Stevens dreams of what is ahead in his future.

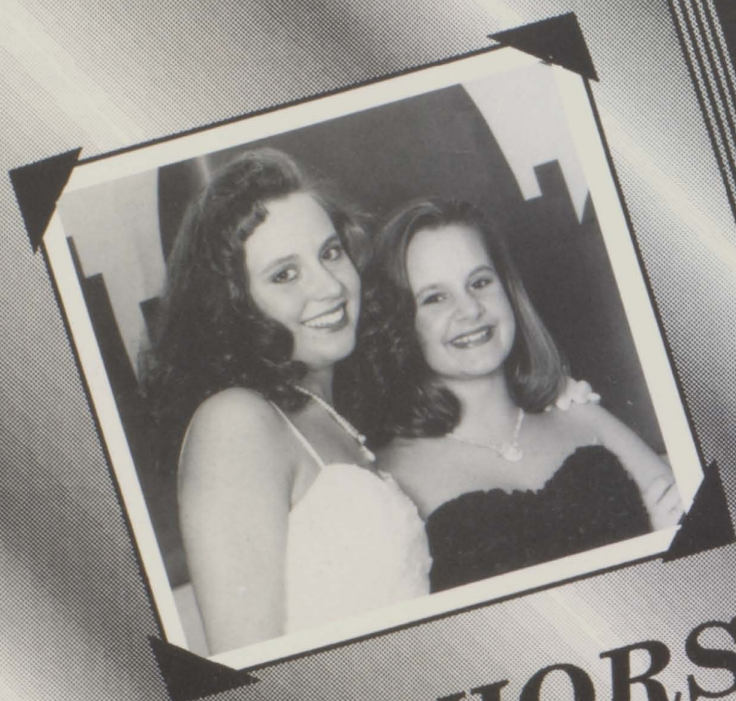

FAR ABOVE

Swaying side to side at the closing of the graduation ceremony, the senior class sings, a little off-key, the Alma Mater.

Cecilia Stowell and Maggie Staley look on in fright and excitement before they are about to be "steam rolled" during the Olympics event.

Egg Snatchers

Every year Mr. Flowers' Sociology classes have a project involving eggs. Each student hollows out their own egg, places them in a protective surrounding and labels it their "Egg Baby." In some cases their "baby" is kidnapped or even crushed. Some students, usually those who are too busy talking to notice that their egg is missing, return to a ransom note.

The notes usually ask for class points for the return of their baby. Students are often seen hiding from Mr. Flowers when they aren't in his classroom and don't have their egg with them as required. A warning to all future sociology students: **Watch out for Egg Snatchers!**

Planning Ahead

"Working isn't so bad once you get used to the long hours and crazy people that you have to work with," commented one of the speakers on the annual career day held on February 17.

For half of day, community business professionals entered the building and gave the students some insights into what they can expect from their individual jobs. Many of the speakers did a great job of opening the eyes for students and to help them to realize that the future is closer than they had once thought.

QUIZ BOWL

What state capital is the farthest east? What baseball team was known for it's "Murders' row"? These and other questions were asked to the five-person teams from each class in the first annual Quiz Bowl, held April 5, 1993. Participants wracked their brains in the afternoon assembly in an effort to prove just which class knew the most. By the end of the hour, it was the seniors who prevailed with 110, but the juniors were a close 91, the freshmen came in third with 44, and the sophomores accumulated an impressive 9, yes *nine*. All in all, it was pretty entertaining for both the audience and the participants.

SIZING IT UP

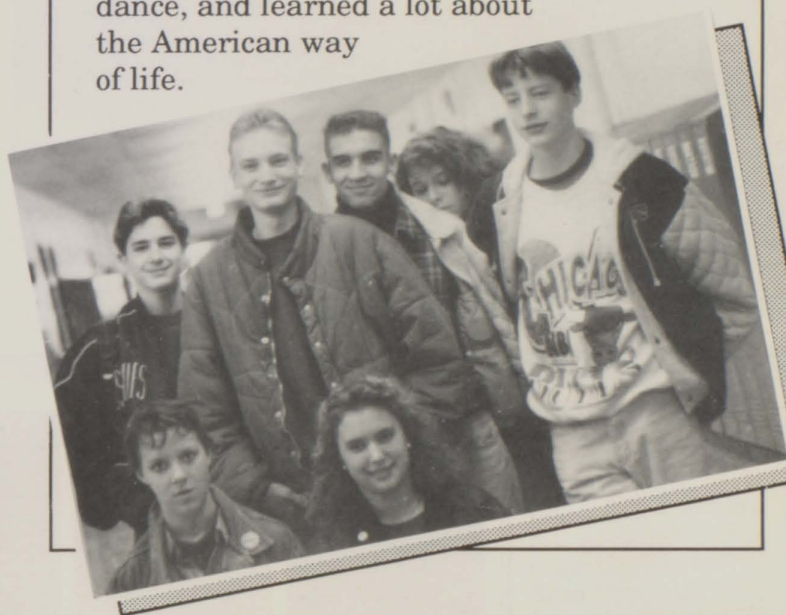

Working feverishly to get his portfolio done, Ryan Lukoszyk tries to meet the Friday deadline given to his class.

TEAM EFFORT

Participating in the Olympic event of having to pass a hool-a-hoop from one person to the next, Marci Byrd and Shane Dean are linked together.

Willkommen

Last Fall AHS was host to fourteen students from Astoria's sister city, Waldorf, Germany. The visitors arrived on October 22 and departed on November 4. During their stay they attended classes, went to football and soccer matches, visited Portland, took in all the historical sites around the area, showed some foreign moves at an aftergame dance, and learned a lot about the American way of life.

WORK LOAD

Patiently working on their assignment in Business Survey, Josh Dickson and David Nelson get the work done bit by bit.

ALL THE RIGHT MOVES

"Dancing with Carol Newman is the ultimate educational experience," commented senior Chloe Swain.

On April 21-29, Mrs. Bowler's French and German classes received a cultural experience when Carol Newman came to AHS as an artist in residence. The creative artist primarily comes to schools and teaches students about all of the places she has been too and then teaches them folk dances that she learned throughout the world.

Using her interest in people and dance to teach others, before the week was out not only were language students relaxed and having fun, they also learned some dances from other countries.

FOREVER FRIENDS

While resting on a park bench, freshmen Rachel Morris and Lindsey Wirth seem to be the best of friends.
